NINE SOUTHERN COUNTIES GIVE RICHARDSON LEAD

Incumbent Ahead in Orange, Santa Barbara, Imperial, Riverside, Kern and Tulare

Returns from more than 160 precincts of nine Southern California counties gave Richardson a lead of about 600 votes over his nearest opponent, Young, in the gubernatorial race. Richardson's vote for these precincts was 2693, with 2098 for Young and 583 for Goodell.

Buron Fitts registered a clean-cut victory in the race for Lieutenant-Governor in returns from the same precincts of the nine counties with a vote of 1583. Merriam had 563 and King was a close runner-up with 542.

In the Senatorial race Shortridge held a lead of approximately 400 votes, with a total of 1650; Clark had 1264 and Lineberger was running a poor third with 368 votes.

Returns by counties were:

ORANGE COUNTY
On the face of incomplete returns at 11 o'clock Gov. Richardson was rolling up a big majority in Orange.

SANTA ANA, Aug. 31. (Exclusive)—On the face of incomplete returns at 11 o'clock Gov. Richardson was rolling up a big majority in Orange.

SANTA BARBARA
Young made his best showing in Santa Barbara county where, with returns from forty-one precincts, he led Richardson's 883 vote with a total of 703. Richardson had 114 votes. In the same precincts Fitts received 934 votes, Merriam 238 and King 186 in the race for Lieutenant-Governor. In the Senatorial contest the vote was, Shortridge 473, Clark 383, and Lineberger 146.

TULARE COUNTY
Twenty-seven precincts in Tulare county gave Richardson 333 votes, Young 233 and Goodell 191 in the race for Governor. For Lieutenant-Governor Fitts was far in the lead with a vote of 897 to 349 for Merriam and 36 for King. Shortridge led by 2-to-1 in the Senatorial contest with 323 votes against 104 for Clark and Lineberger 3.

SAN DIEGO COUNTY
Early returns from San Diego county gave Young 114 votes, Richardson 109 and Goodell 81.

FRESNO COUNTY
Incomplete returns from 70 precincts of Fresno county gave Young a substantial lead in the gubernatorial race with 633 votes. Goodell polled 178, McCellan 22, Mitchell 71, Richardson 27, Thomas 6, Johnson 125, and Wardell 99. For Lieutenant-Governor Fitts led with 426. Merriam had 178 and King 150. In the Senatorial contest, Clark had a slight lead over Shortridge, their vote being 579 and 533, respectively. Lineberger had 58, Dockweiler 62 and Elliott 44.

ALAMEDA
144 incomplete Alameda precincts: For Governor—Goodell, 1316; McCellan, 14; Mitchell, 16; Richardson, 267; Thomas, 123; Young, 318. For Lieutenant-Governor—Fitts, 1238; King, 97; Merriam, 743. For United States Senator—Clark, 136; Lineberger, 400; Shortridge, 1432.

BUTTE
Six incomplete Butte county precincts: For Governor—Clark, 95; Shortridge, 106. For Lieutenant-Governor—Fitts, 106; Merriam, 60; Richardson, 72; Young, 117.

CONTRA COSTA
Seventy-eight incomplete precincts Contra Costa county: For Governor—Goodell, 384; McCellan, 1; Mitchell, 22; Richardson, 27; Thomas, 13; Young, 1128; Johnson, 58; Wardell, 192. For Lieutenant-Governor—Fitts, 581; King, 132; Merriam, 320. For United States Senator—Clark, 360; Lineberger, 344; Shortridge, 667; Dockweiler, 160; Elliott, 72.

EL DORADO
Six incomplete El Dorado county precincts: For Governor—Goodell, 6; Richardson, 97; Thomas, 1; Young, 18; Johnson, 1; Wardell, 8. For Lieutenant-Governor—Fitts, 45; Lineberger, 6; Shortridge, 19; Dockweiler, 1; Elliott, 10. For United States Senator—Fitts, 51; King, 11; Merriam, 10.

EUREKA
One precinct, complete. For Governor, Goodell, 40; McCellan, 2; Mitchell, 2; Richardson, 20; Thomas, 2; Young, 178. For Lieutenant-Governor, Fitts, 40; Merriam, 20; Richardson, 20; Shortridge, 36.

HUMBOLDT
Five (complete) Humboldt county precincts: For Governor—Young, 870; Richardson, 358; Goodell, 114.

IMPERIAL COUNTY
Scattering returns from Imperial county gave Richardson a slight edge in the race for the Governorship, reports from sixteen precincts giving Richardson 233 against 231 for Young. Goodell polled 60 votes. In the race for Lieutenant-Governor, Fitts led the field with 292 votes, Merriam running second with 80. King polled 80. Shortridge had a 2-to-1 lead over Clark with 266 votes against 110 for Clark. Lineberger had but 19 votes.

RIVERSIDE COUNTY
In Riverside county, one precinct at 11 o'clock gave Richardson 78 votes, Young 20 and Goodell 20. For Lieutenant-Governor, King received 65 votes, Fitts 43, and Merriam 9.

SAN BERNARDINO COUNTY
Richardson received a majority in San Bernardino county with a vote of 189 as against 65 for Young and 48 for Goodell, these figures representing returns from 31 precincts. Fitts led the field in the race for Lieutenant-Governor with 155 votes. King polled 99 and Merriam 94. For Senator Shortridge received 189 votes, Clark 76 and Lineberger 61.

KERN COUNTY
Incomplete returns from 18 precincts in Kern county gave Richardson 258 votes, Young 88 and Goodell 21 in the race for Governor. Scattering returns from Ventura county gave Young a slight lead over Richardson, with 321 votes against 317 votes. Goodell trailed with 66

DOHENY AND FALL START NEW APPEAL

Quashing of Indictments Against Them in Naval Oil Deal Again Sought

WASHINGTON, Aug. 31. (Exclusive)—Quashing of conspiracy indictments against Edward L. Doheny and Albert B. Fall in connection with the naval oil lease cases is sought in briefs submitted to the District Columbia Court of Appeals today by the attorneys.

Frank L. Hogan, counsel for Doheny, and George F. Hoover, counsel for Fall, representing former secretary of the Interior Fall, continue their attack on the validity of the indictments, contending that the fact that a motion by government counsel is pending to dismiss the indictments is not in itself a bar to the court adverse to demurrers by the defendants. The motion of government counsel to dismiss the indictments is based on the fact that the indictments were returned in violation of the provisions of a special act of the recent session of Congress which provided retroactive immunity for persons who had been in the oil business before the act was passed.

Quoting the Constitution and numerous judicial decisions construing it to the effect that an indictment may be set forth clearly the precise charge, Hogan asserts that the government's contention that the act is not in order in criminal cases is a special act of the recent session of Congress which provided retroactive immunity for persons who had been in the oil business before the act was passed.

Both to the government and to the defense, the act is a bar to the indictment in question does not charge the commission of any crime, but only that the act was passed. Hogan asserts that the act is a bar to the indictment in question does not charge the commission of any crime, but only that the act was passed.

NEW WAY TO OBTAIN RUBBER DISCOVERED
LONDON, Aug. 31. (AP)—A Cape Town dispatch to the Exchange Telegraph says a method has been discovered by which rubber can be produced from the latex (milky fluid) of the African euphorbia tree. The rubber is said to be of a quality comparable with that produced in the area district of Brazil. A South African company is preparing to exploit the yield of 60,000,000 trees.

Quashing of Indictments
Against Them in Naval
Oil Deal Again Sought

WASHINGTON, Aug. 31. (Exclu-
sive)—Quashing of conspiracy in-
dictments against Edward L. Doherty
and Albert B. Fall in connection with
naval oil lease cases is sought
today by the District Attorney
General Clegg in a letter to the
Attorney General. The letter
states that the indictments were
based on the testimony of a
naval officer who has since
admitted that he had been
duped by the defendants. The
letter also states that the
defendants have been cleared of
all charges and that the
indictments should be quashed.

NATIONS DISCUSS AMERICAN COURT PROPOSALS TODAY

Fifth Reservation Giving Power of Veto Declared Likely to Cause Split at Geneva Parley

GENEVA, Aug. 31. (AP)—Prof. Van Eysinga, Netherlands
jurist, is slated for election to the presidency of the interna-
tional conference of representatives of states' members of
the Permanent Court of International Justice, which meets to-
morrow to discuss the American reservations. The vice-presi-
dency probably will go to a Latin-American statesman, pre-
sumably Dr. J. C. Blanco, Foreign Minister of Uruguay.

QUINTET SHOT IN MILL RIT

(Continued from First Page)
Michael Mamaka, 17, of Manville,
shot twice in the left leg.
Victor Ragaud, 37, of Manville, a
grocer, shot in the left shoulder.
John Rymanski of Cumberland,
a striker, shot in the left hand.

PERMANENT VETO

Inded, Europeans have the idea
that underlying the American fifth
reservation is the desire of that coun-
try to veto any decision of the Court
which might be unfavorable to it.
The American reservation is
that the Court shall not have the
power to issue advisory opinions on
any question in which the United
States has an interest.

CLARKE LOSES TO SHORTRIDGE

(Continued from First Page)
term of the late Congressman Baker
was indicated in early returns from
Shasta county, where Marshall De
Motte, B. D. Dewitt, Harry L. Engle-
bright, Frank J. Powers and F. J.
Stevens were running the heads of
the party. The same men were run-
ning for the full-term Republican
nomination.

Edward Z. Blum, was elected to
complete the unexpired term of L. H.
Valentine.

COOLIDGE GETS FILM PLAN

Project of Governmental Archives for Historic Scenes
Presented by Hays

PAUL SMITH'S (N. Y.) Aug. 31. (AP)—A plan for preservation of mo-
tion-picture records of incalculable historic value was laid before President
Coolidge today by Will H. Hays, directing head of the Motion-Picture Pro-
ducers of the United States.
The plan was formulated during
the administration of President Har-
ding and it was indicated that Presi-
dent Coolidge was favorably disposed
toward its completion.
In discussing the plan after his
visit with the Chief Executive, Mr.
Hays said it is proposed to arrange
storage space for 50,000 reels of film,
nearly 2000 of which are already be-
ing kept by the companies.
Many of these pictures, which rep-
resent the camera's record of chang-
ing scenes and customs of national
life as well as of historical events,
"possess in time, Mr. Hays pointed
out, a value approaching that of a
negative showing Lincoln delivering
his Gettysburg address, had the mo-
tion picture existed in 1863.

FAMILY KILLED IN DESPAIR

Mother, Beaten in Fight With Poverty, Turns on Gas
and Lies Down to Die With Four Children

SAN FRANCISCO, Aug. 31. (AP)—Beaten in a bitter, long-drawn-out
fight against poverty and the threat of starvation, Mrs. Edna Fuller, 39
years of age, born and bred in California, tucked her five little children,
four of the children to eternity with her. The fifth was saved by the
timely arrival of a neighbor, who found the mother lying on the floor,
dead, and the children huddled around her. The family had been living
in a tenement house, and the mother had been struggling for years to
support her family on her own wages. She had been beaten by poverty
and the threat of starvation, and in her despair, she had turned on the
gas and died.

Death of Army Man Classified as Accidental

MONTEREY, Aug. 31. (AP)—The
death of Private Louis Applegate,
18-year-old cavalryman, found dead
at his post at the Presidio here yester-
day, was due to an accident, ac-
cording to the findings of the army
board of inquiry today.
The board rejected both suicide and
murder theories, owing to a lack of
evidence for either, and other cir-
cumstances surrounding the case.

GERMANY PAYS HALF IN GOODS

Second Year Reparations Report Due Soon

Deliveries in Kind Used for 54 Per Cent of Total

Coal Makes Up Large Part of Materials for Allies

BERLIN, Aug. 31. (AP)—Germany met nearly 54 per cent of her reparations payments in the second year of the operation of the Dawes plan, ending today, by means of deliveries of materials. This will be shown in the report of S. Parker Gilbert, agent-general for reparations payments, to be published about November 15.

The total payments amounted to 1,220,000,000 gold marks (about \$200,000,000) and the deliveries in kind 656,800,000 gold marks (about \$156,318,000).

The goods delivered to the Allies varied from coal to lion traps, from dynasties to kitchen ranges, from circuit breakers for motorcycles to roses, from candy-packing machines to Bavarian hops, from bottle washers to trout spawn and from cigar molds to cotton gins.

More than one-third of these deliveries were of coal, coke and lignite, as seen from the following classification in round millions by the agent-general's office:

Coal, coke, lignite, 274.5.
Transport of coal, etc., 54.
Dynamite, drug products, 11.
Chemical fertilizers, 50.5.
Coal by-products, 5.5.
Agricultural products, 17.
Timber, 25.5.
Sugar, 18.
Miscellaneous, 177.

Among other things Belgium ordered 50,000 marks' worth of beer bottles; Greece, 189,000 marks' worth of caterpillar tractors; France, 21,000 marks' worth of cosmetic manufacturing machinery.

According to the figures, Germany, during the second year, turned over to the agent-general on account of her reparations payments almost 1,147,000,000 gold marks. These payments are classified as follows:

Interest on railroad reparations bonds, 250,000,000; budget contribution, 250,000,000; transport tax, 241,000,000; interest on industrial debentures, 150,000,000.

In addition Germany, by September 31, will pay these amounts as part of the second annuity: interest on railway reparations bonds, 45,000,000 gold marks; transport tax, 8,100,000, bringing the total of payments during this second year under the Dawes plan to 1,220,000,000 gold marks.

Of the sums thus at the disposal of the agent-general of reparations, 1,063,000,000 gold marks were expended for creditor nations of which France got approximately 567,000,000; Great Britain almost 227,000,000; Belgium about 116,000,000; Italy, 78,000,000; Serb-Croat-Slovene states, 38,000,000; United States, 15,000,000. Minor creditors, such as Rumania, Japan, Portugal, Greece and Poland, received altogether 21,000,000.

Inter-allied commissions and arbitral bodies consumed 18,500,000. The charge for services in arranging the German external loan of 1924 amounted to 97,000,000. While almost 54 per cent of the second year's reparations were paid for in deliveries in kind, the remaining 46 per cent were covered by the following classification:

Occupational costs, 58,000,000; 000 gold marks; reparations recovery acts, 548,000,000; cash transfers, 71,000,000; and miscellaneous, 4,000,000.

The miscellaneous classification includes one interesting item, 2,100,000 gold marks for the restoration of the Louvain library.

GENERAL ON BEACH FOR FOUR DAYS

Mexican Commander and Party Without Food After Chauffeur Abandons Them

BROWNVILLE (Tex.), Aug. 31. (AP)—Abandoned by a frightened chauffeur Gen. Serrato, military commander at Matamoros, Mex., and a party of soldiers, with two Americans, were stranded on the beach sixty miles below Matamoros for four days without food or proper clothing.

The party arrived here suffering from sunburn and exposure. Gen. Serrato inspecting military posts along the beach was caught last Wednesday by a high tide due to the recent gulf storm. His chauffeur, becoming panic stricken as the water rose, with the automobile, containing the hats, clothing and food of the party.

Using pillow covers and coats, the general and his aides trudged fifteen miles in the blazing sun when they found the automobile overturned in the water. After the water subsided they started the motor and drove to Brownsville. The general's feet were so badly swollen he had to be assisted from the automobile.

Actress Balks at Four-Letter Hot-Place Title

LONDON, Aug. 31. (AP)—The use of a word with four letters, meaning an extremely hot place described in the Bible, is considered indecous by May Moore Dupree, actress. She declined to utter it at the opening of a new revue last night.

When the time came for her to say vigorously "you go to—," she merely uttered in a weak voice "you may go wherever you like."

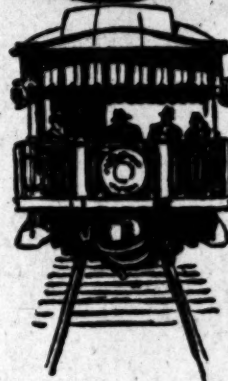

The press agents had worked the audience up to a state of expectancy, for the actress had announced she would not say the word. At the climax Miss Dupree was showered with bouquets. She insists that she will not use the word hereafter, and the producer of the revue is talking about a broken contract.

Lila Lee, understudy, is not of the same mind as the leading lady. "I see no objection to the word," she said.

PACK HORSE MUZZLED

GLACIER PARK (Mont.) Aug. 31. (Exclusive)—The pack horse of the United States Forest Rangers in Glacier National Park transports hard-baked hay to the remote mountain stations of the service and he is muzzled so he won't eat up his own burden on the trip over the mountain trails.

63 hours to Chicago

EFFECTIVE November 14—faster time to the east. An extra-fare Golden State Limited—swift, luxurious, colorful, daily over

the direct Golden State Route. \$10 extra fare for passage on this new flyer across the continent.

Save a business day on your trip to Chicago. There is no faster nor finer service east. A fascinating journey through regions rich in romance and unexcelled in scenic splendor.

A new train with a unique, distinctive personality. The courteous service of special, hand-picked crews. The appointments of an exclusive club or hotel. Shower-baths for men and for women; new Pullman equipment; club car with card-room and smoking lounge; a ladies' boudoir in the observation car.

Ladies' maid, and barber and valet are subject to your call. And Golden State dining car service of acknowledged superiority, assuring delicious meals which you may enjoy in leisurely comfort as your Golden State Limited speeds on its way.

Only two business days enroute to Chicago. The new schedule, with evening departure, gives you the whole day in Los Angeles. The same convenient, early-morning arrival in Chicago and connecting with fast trains to

points farther east. The new Golden State Limited will leave Los Angeles daily at 5:00 p. m., arriving in Chicago at 10:00 a. m. on the third day following. It will carry through Pullman to St. Louis. Please reserve space on this new train as many days ahead as possible.

Pirate Ship, Scuttled Twice, Sinks to Third Place; Hornsby Squad Cops by 6-1 and 2-1 Scores

ST. LOUIS, Aug. 31. (P)—The St. Louis Cardinals displaced the Pittsburgh Pirates as the leaders in the National League pennant race by winning both games of a double-header today, 6 to 1 and 2 to 1, from the world champions here, while Cincinnati was losing to Chicago. Hornsby's men there gained a three-point advantage over Cincinnati, with Pittsburgh one point farther back.

CUBS GRAB TILT FROM CINCINNATI

Percy Lee Jones Gives Two Hits in 1-0 Victory Over Reds; Cooney Stars

CHICAGO, Aug. 31. (P)—Chicago gave Cincinnati's pennant aspirations a jolt today by shutting out the Reds, 1 to 0 in the final game of the series, which was won two games to 1 by the Cubs. Cooney's double in the ninth inning, followed by O'Rourke's single, broke up a pitching duel between Percy Lee Jones and Jackie May. Only two hits were made off Jones, while May was touched for nine and was in trouble several times but managed to lighten up and strike out his opponents in the pinches.

MEADOWS SLAMMED
The left-hander with the tantalizing slow ball, held the Pirates down, hits in the first game, while Meadows, formerly a Cardinal, worked out of the box. Meadows, combined with a walk and a hit, brought in the score.

Pittsburgh's lone run was brought in in the fourth, when Meadows, Cuyler bunted and Barnhart walked. Sills, the bases, and Grantham scored, scoring Rhyme.

CUTLER HONES
Cuyler hit a home run in the first game, his only score. The paid attendance was 22,579, bringing the total season attendance to 1,000,000.

SERAPHS SHUT OUT BY STARS

Hollywood Captures Opener by Score of 6 to 0

Both Hits Off Shellenback Are Infield Safeties

Hurler Wins Own Tilt With Long Drive to Center

BY ROBERT RAY
If the league-leading Angels came some expecting to find the Hollywood Stars a push-over, Mr. Frank Shellenback probably changed their minds a bit yesterday. As the Angels' pitcher, Shellenback, a Hollywood hurler who is one of the few in Coast League ranks permitted to use a spitball, did a fine job of letting the Angels down with two hits in the first, it was a line drive right back at the pitcher that Shelly knocked down but couldn't pick up in time to get Art at first. In the fifth inning Shelly hit a slow twisting grounder that took a queer hop just as it got to Kerr, preventing him from making a play at first base. Outside of these two friendly taps the Angels were helpless before Shelly's salvaged slants, and another Seraph reaching first base.

DOC HAS BAD DAY
Doc Crandall was on the mound for the Krugmen and experienced one of his few bad days. Doc was touched for eleven hits, four of them being for extra bases. However, Crandall kept it out until the last of the ninth when he let Wally Hold fly out for him.

Shellenback won his own game in the fifth inning when he drove two mates home with a triple against the extreme center fielder. Shelly's hit traveled on a line to almost the top of the brick, a mere matter of some feet, which is one of the longest hits ever made in Wrigley Field.

It was the second time this season Shellenback has held the Angels to two hits, the star spitball slasher turning the trick (Continued on Page 2, Column 5)

American Net Stars Face French Today

CHAMP KNOCKS PARTNER FLAT

Dempsey Has Famous Iron Mike in Best of Condition

Heavy King Raps Johnny Saxon to Floor With Right

Atlantic City Views Snappy Workout by Defender

BY HARRY NEWMAN
ATLANTIC CITY, Aug. 31. (Exclusive)—Keeping right on his merry way of preparing for his championship fight against Gene Tunney at Philadelphia on September 28, Jack Dempsey is working himself right into the pink of condition. The champion had his old sock going splendidly today and the slight layer of fat which he has been working to get rid of is disappearing. Dempsey is stepping around like a bantam and when he turns loose a punch there is plenty behind it. Alex Hart, Philadelphia lightweight, took up the rest of the round.

Mike Rader was an enthusiastic ringside spectator during the boxing end of the program. Martin Burke, New Orleans heavyweight, who has battled Tunney twice, arrived and joined in today as sparring partner. There were about 3000 customers in the stands when Dempsey worked out today.

Following a whirl at the small ball and a session of shadow boxing, Charley Anderson, colored Chicago (Continued on Page 2, Column 5)

TEAMS MEET IN NATIONAL PLAY

Preliminary Skirmish Before Davis Cup Trials On

Johnston, Chandler Battle La Costa and Borotra

Californians in Complete Win Over Easterners

BROOKLINE (Mass.) Aug. 31. (P)—The stage was set today on the turf courts of the Longwood Cricket Club for two international doubles battles tomorrow in which Americans and French will clash in a preliminary test of Davis Cup strength.

Fitted against R. Morris Williams and Vincent Richards, defending champions, in the upper half of the drive for the national trophy is a team of Johnston and Chandler.

Victory for either of the two French batteries virtually would assure the tri-color representation in the final round, since the American opposition tomorrow includes two of the three outstanding teams of the tournament.

There was justification for American confidence tonight, however, in the crushing victories scored by the Johnston-Chandler and Williams-Richards teams. The Californians completely overhauled Neil Sullivan and Fritz Morcu, a combination of present and past Lehigh University net stars.

Richards and Williams also scored (Continued on Page 2, Column 4)

LEWIS STOPS ROMANO

"Strangler" Drops Mike in One Fall at Vernon Mat Show, Then Kisses Italian Good-Night

After being violently crashed to the mat by a series of head locks, Mike Romano, Italian heavyweight wrestler, was unable to continue in his match with Ed (Strangler) Lewis, in the main event at Vernon last night. Romano was examined by Dr. Lloyd Mace, State Commission medical adviser, and pronounced physically unfit to continue. It was to have been a two-falls-out of three match.

It took Lewis just 33 minutes to score the first fall over the burly Italian. The big Kentuckian hadn't much success with Romano until then, but once the first head-lock was clamped on, the customers might as well have gone home. As usual, Romano got up from the first one, ran in to another, until he didn't get up any more.

When ROMANO failed to show up from his five minute rest between falls, Referee Tommy Travers, gave him another five minutes, at the end of which, he declared the Italian would forfeit the match. Mace came out and announced that Romano was bleeding from the nose and mouth and was too dazed to continue. So the Strangler folded up his tents and went home.

Wayne (Big) Munn, the giant Nebraska, made his maiden appearance in Los Angeles in a very rough and ready manner, knocking Harry Can-

Will's Manager to Seek Interview With Governor of Pennsylvania

NEW YORK, Aug. 31. (P)—Paddy Mullins, manager of Harry Will, the negro heavyweight challenger, said today he would seek an interview with Gov. Pinchot of Pennsylvania in an attempt to block the Dempsey-Tunney championship fight at Philadelphia September 23.

Mullins made this statement after the New York State Athletic Commission had refused his demand that Will be recognized here as the world's heavyweight champion because of Dempsey's failure to fight the negro.

If I could get a fifteen-minute interview with Gov. Pinchot, I could convince him that the Dempsey-Tunney fight should not be held.

Uncle Eddie Tufts Leads Golf Celebrities to Championship Tourney at Del Monte

LOCAL STARS LEAVE TODAY

26 French Returns to Join Four Horsemen

Moer Named on South Team for Second Year

Hillcrest Delegation Will Leave Friday

BY BILL WISE

Doyle Eddie Tufts, father of all that is golf in California, will leave for Del Monte to conduct the annual California State championship, which will open with a special match play against the Hillcrest delegation on Friday.

John Moer, Wilshire youngster, who won in both singles and doubles play last year, will again drive one of the coveted rods, but aside from a very few of the old guard the field will remain in doubt until the night before the play is made.

Movie Star Finishes Third in Boat Classic

NEW YORK, Aug. 31. (AP)—Rhody, W. Connors' little green Narbonne, won the second race of the international championship series to win her second straight victory of the regatta.

Pick Atkinson to Finish Up Colima Friday

Atkinson is picked by smart money to stop Bert Colima when the main event at the stadium Friday night.

YOUNG NATIONALIST DEFEATS PAL MOORE

CHICAGO, Aug. 31. (AP)—Pal Moore of Memphis, Tenn., veteran lightweight, who for years has been practicing outpunching, met his match tonight and was outpointed by Young Nationalist, Filipino boxer, in ten rounds.

THANATON SURPRISES BELMONT FEATURE

NEW YORK, Aug. 31. (AP)—J. J. Thanaton won the fall high handicap, \$3000 added, all feature event of the opening day of the fall meeting at Belmont today. Croyder was second and Thanaton third. The time for the six was 1:12.

OBSERVATIONS

BY THE EDITOR

M. R. SIDNEY ZIFF, ex-journalist, makes his debut tonight as a matchmaker when he presents at the Olympic Auditorium Long Jaws Silver of San Francisco and Paul Deffate of Compton, near lightweight.

Duke Kahanamoku is certainly an interesting character. He can't get over the fact that he won the Olympic 100-meter swim at Stockholm in 1912, and at Antwerp in 1920, and then lost by a whisker to Johnny Weissmuller at Paris in 1924.

With all this excitement over swimming the channel and all the challenges that are being hurled indiscriminately around, it looks as though Fred Cay's favorite sport was about to come into its own.

Heard some old-timers discussing the days when Harvard Military Academy was the leading track-and-field institution in town, and the cadets beat up on the great L. A. High and Poly aggregations of the day.

MONKS SLUGGED BY SEALS IN FIRST TILT

SAN FRANCISCO, Aug. 31. (AP)—San Francisco swamped the Mission, 15 to 5, in the opening game of the series here today.

San Francisco 15, Mission 5. In the opening game of the series here today, San Francisco swamped the Mission, 15 to 5.

NEW BOXING ARENA FOR SAN FRANCISCO

SAN FRANCISCO, Aug. 31. (AP)—Arrangements are under way for the construction of a \$400,000 boxing arena on the block bounded by Twelfth, Thirteenth, Mission and Howard streets.

PURSEY CARRIES OFF OPEN GOLF LAURELS

SEATTLE, Aug. 31. (AP)—Walter Pursey, professional of Inglewood Club, Seattle, won the fifth annual Washington state open-golf championship here today with a score of 292 for seventy-two holes.

FISHER BARRED AND FINED BY COMMISS

CHICAGO, Aug. 31. (AP)—The Illinois Boxing Commission today fined Young Fisher of Syracuse, N. Y., \$100 and permanently barred him from boxing in Illinois because of profanity in the ring and hitting after the bell in his bout with Jack Malone of St. Paul.

TROJANS HAVE HARD SCHEDULE

Thundering Herd Battles Six Conference Opponents

Plenty of Opposition Looms for Local Gridders

All Teams Busy Pointing for Tilts With U.S.C.

In issuing the cry "Southern California is the team to beat," Pacific Coast Conference critics are considering the Trojans' 1926 material and overlooking the season's schedule, according to Coach Howard Jones.

ALL GAMES HARD

"There isn't a weak spot on our program from the Santa Clara game until the day we meet Notre Dame," Coach Jones said.

With the exception of Washington and Oregon, every other conference team is on the Trojan schedule. Washington did not have the toughest proposition in winning last year's race, meeting only Stanford, California, Montana, Washington State and Oregon.

Nonconference games on the Trojan schedule are just as hard. It is pointed out, as those on any other team's program.

LEWIS FINISHES MIKE ROMANO

(Continued from First Page) tonwine cold as the English Channel with a series of crotch holds plus half nelsons in the second Vernon wrestling bout last night.

MULLINS MAY HALT TITLE GO

(Continued from First Page) take place and should be thrown out of Philadelphia.

MAC SMITH LEADS IN CHICAGO OPEN

CHICAGO, Aug. 31. (AP)—Macdonald Smith of New York led the field of professionals and amateurs competing in the Chicago district open-golf tournament at the Evanston Golf Club today by finishing the first thirty-six holes of the seventy-two-hole tournament in 66-71-137.

RABBIT PUNCHES

PAUL LOWEY

"N O DEMPSEY-TUNNEY fight for me. Philadelphia's too far away for a one-punch scrap." This was the short, crisp reply of Barney Oldfield, famous veteran of the racing road when I stopped him in the Spring street yesterday to ask when he was going East to take in the world's heavyweight battle in Quakertown this month.

Even Jack Doyle, the returned globe-trotter, isn't excited a bit. A confirmed fight fan, a man who has seen most of the championship fights of the past twenty years and more, "Colonel" Dempsey thinks he'll be content to stay home and read the results the morning after. He believes the odds are against a team that will almost sneakwalk to victory over Tunney.

Handball sharks of the Los Angeles Athletic Club are all steamed up over the forthcoming round-robin tourney in which the champs are to pick the dubs as partners for the 15th inst.

CHEF DARO WILL DISH UP THOUSAND-HOLD DRESSING

Someone once said that there were 1000 or more holds in the wrestling category. Lou Daro, the mat impresario, yesterday came out with the prediction that more than that number will be exhibited for the first time from tonight at the Olympic Auditorium.

Daro believes that he has brought more "types" together in his international tournament than ever appeared anywhere in one evening before. There are 16 mat men on the card and each has his own particular holds and style.

Nick Lutze is an arm-scissors specialist. He meets Charley Hansen, who uses the wrist lock overtime.

Wladek Zyzanski claims to employ 25 varieties of the toe hold. John Freeberg, the Swedish heavy,

ple Auditorium, and Charley Koppes and other near-greats are carefully combing the field for the next-best dub.

ZORRILLA WINS OVER SNEEL AT CULVER

Sanitago Zorrilla chalked up another victory last night, scoring a decisive ten-round victory over Doc Snell, the Tacoma druggist, in the main event of the Culver City night show.

Dario Barron in the semi-windup, the four-round bout went to Louis Carpenter, who won over Alfred Lovell, Red Lowman beating George Wilson, and Domingo Choeza defeating Chuck Bash.

Keaneley Gets '99' for Race on Labor Day

"Ma" Keaneley, who holds the world's record for the mile on a dirt track, will drive the famous Hooker '99' in the race of the American Legion program of dirt-track dashes at Banning on Labor Day.

This announcement was made last night by Legion officials. Keaneley was at the wheel of the '99' when he established his world's mark, and is confident he can distance any rivals in the Monday classic.

Speed kings are tuning up their motors to the highest degree of perfection and whirling around the famous Legion Speedway at Banning today for the racing classic of the Pacific Coast to be staged there on Monday afternoon.

HEAVY CLASH SITE HAS FORTY ENTRANCES

PHILADELPHIA, Aug. 31. (Exclusive)—The Municipal Stadium in the Philadelphia Sesquiennial grounds, where Dempsey and Tunney will battle September 23, is U-shaped and built of concrete with wooden seats. It can be reached from the center of the city in twenty minutes. It has forty entrances, which lead through ramps to seats.

It is expected that the present seating accommodations of 86,000 will be increased to 125,000 by the addition of extra seats. The lighting arrangements render a magnificent view of the field possible from all sections of the vast bowl.

NO GIRLS—LISTEN TO THIS! IF YOU HAVE SNEERS, PREPARE TO SMILE THEM NOW: "ONE OF THE OUTSTANDING EVENTS OF THE SEASON WILL BE THE MARRIAGE OF MISS ELLA CINDERS, THE OIL QUEEN, TO MR. SIDNEY SMOOTHE."

A FOOL AND HER MONEY ARE SOON MARRIED! MARK MY WORDS, GIRLS, THE DAY SHE SAYS "I DO," SHE'S DONE—HER SOCIAL MARCHA WILL BE HEPPING RIGHT BACK TO THE KITCHEN SINK!

IT LOOKS TO ME AS THOUGH THE OIL QUEEN IS BEING TAKEN BY A KNAVE! WELL, I'LL START EMBROIDERING HER NAME ON A DISH CLOTH!

WELL, I'LL START EMBROIDERING HER NAME ON A DISH CLOTH!

WELL, I'LL START EMBROIDERING HER NAME ON A DISH CLOTH!

WINNIE WINKLE, THE BREADWINNER

By Branner

HERE WE ARE LOST ON THE OCEAN, WHEN WE OUGHT'A BEEN BACK TO WORK TWO DAYS AGO! WE MIGHT WIND UP GETTIN' DROWNED AND LOSE OUR JOBS BESIDES!

JERUSALEM!! I SEE A BIG OCEAN LINER COMIN' THIS WAY!! THEY'LL PUT US STRAIGHT!

HEY THERE! CAN YE TELL ME WHERE WE ARE??

YOU ARE NOW IN 20 DEGREES WEST LONGITUDE AND 68 DEGREES NORTH LATITUDE!

WUN?

WHERE DID HE SAY WE ARE, FANTHAW?

I DUNNO! HE SAID SOMETHING ABOUT LATITUDES, TH' CUSSED FURRINER WAS TALKIN' LATIN!

REG'LAR FELLERS

A Lucky Cat

By Gene Byrnes

I HAD A WHITE CAT FOLLOW ME THIS MORNING AN' YOU KNOW WHAT THAT MEANS? HARD LUCK!

NICE PUSSY! NICE PUSSY!

WE HAD A BLACK CAT! IT DIDN'T EVEN HAVE ONE WHITE HAIR BUT HE DISAPPEARED LAS' WEEK!

A BLACK CAT IS LUCKY! THEY'RE AWFUL LUCKY!

I KNOW! MOM SAW HIM SNEAK OFF WITH A TOILET LEG AN' HE CERTAINLY WAS EXTER LUCKY THAT HE DIDN'T SHOW HIS FACE AROUND OUR HOUSE AGAIN!

MOON MULLINS—

Emmy's Circular

By Willard

OH, LORD PLUMSTON! I WAS SO SHAMBAZED WHEN I PUSHED THAT BATH HOUSE OVER YESTERDAY WITH YOU IN IT! I REALLY THOUGHT TO FIND MR. PLOP, MY EXCHANGE TRADING PARTNER, IN THERE.

I ASSURE YOU MR. PLOP HAS NOT BEEN HERE, MISS SCHWALTZ. I HAVE BEEN AT THIS RESORT FOR A MONTH AND HAVEN'T SEEN HIM NOR HAIR OF HIM.

THEN HOW DO YOU EXPLAIN THIS BRAZEN POST CARD HE HAD THE NERVE TO SEND FROM HERE?

WHY MR. PLOP DIDN'T SEND THAT CARD I DON'T KNOW.

YOU SEE I JUST SHARED IT WITH MY INITIAL WHICH HAPPENS TO BE THE SAME AS PLOP'S. THAT MUST BE WHAT GAVE YOU THAT IDEA, MISS SCHWALTZ. HOWEVER I THOUGHT I'D ADDRESS THAT CARD TO MR. MULLINS.

YOU DID!

I FOUND IT IN HIS MAIL! YOU OLD REPROBATE, HOW DARE YOU DECEIVE ME LIKE THAT!

HAROLD TEEN

He Trains on Cannibal Sandwiches

By Carl

HAROLD! YOU DIDN'T EAT HARDLY ANY SUPPER—ARE YOU ILL?

NOPE—JES' TRAINING FOR FOOT-BALL MA!

MA! HAROLD IS 'FISBIN' TO YOU I'LL BET 'CHA—I SEE HIM EATIN' CANNIBAL SANDWICHES AT TH' SUGAR BOWL ALL TH' TIME!

CANNIBAL SANDWICHES? GOOD GAWD! WHAT'S THAT?

I DUNNO, MA! EVERYBODY WHAT'S IN 'EM THEY SAY EAT ONE AND YOU'LL FIND OUT!

COAST AIR MAIL SOON TO START
Los Angeles-to-Seattle Line Begins 15th Inst.
Service Ordered to Aid Slope Cities Exclusively
Night Flying Will Take Hours from Present Time
WASHINGTON, Aug. 31. (Exclusive)—Service on the Pacific Coast contract air-mail route between Seattle and Los Angeles will be inaugurated the 15th inst., it was announced by Postmaster-General New today, following communication with the Pacific Air Transport Company, the contractor. Eight planes will be used. This is the first of the contract air-mail routes the schedule of which call for night flying, and the first where lighted airways have been established. Utilizing the night-flying experience of the air-mail service, the contractor has installed beacons similar to those in use on the government operated transcontinental route, placing them between Seattle and Portland and between San Francisco and Los Angeles. The remainder of the route under the schedule will be flown in daylight hours. The lights were installed by the contractor with the aid of local communities on the route.
LEAVE IN MORNING
Under the schedule planes south-bound will leave Seattle daily except Monday at 9:45 a.m.; Portland, 5:45 a.m.; Medford, 8:15 a.m.; San Francisco, 12 noon; Fresno, 2 p.m.; Bakersfield, 3:30 p.m., and arrive Los Angeles, 5 p.m.
Northbound planes will leave Los Angeles at 12 midnight, Bakersfield, 1:45 a.m.; Fresno, 3:30 a.m.; San Francisco, 6:30 a.m.; Medford, 9:30 a.m.; Portland, 12 noon, and arrive at Seattle, 2 p.m.
The new route is the longest of the contract air-mail routes and being 999 air miles in length is the only one to exceed the 1000-mile limit on 10-cent postage. The rate between Los Angeles and Seattle will be 15 cents; all other points, 10 cents.
ACCOMMODATES COAST
The Pacific Coast route is a "line unto itself." Its schedule is designed only to accommodate the cities to which it provides service, and no attempt is made to make connections with the transcontinental mail either at Los Angeles, San Francisco or via Pasco, Wash. Little advantage can be gained over present train service and a schedule designed to make connections with eastbound air mail would render the north and south service virtually valueless. On the contrary, the schedule as arranged will afford marked improvement over present railroad mail time. An illustration is provided by a mail train leaving Seattle at 4:30 o'clock Monday afternoon, which arrives in San Francisco 9:10 Wednesday morning and Los Angeles at 7:40 Thursday morning. The train out of Seattle will have had eleven hours and fifteen minutes' start when the mail plane leaves at 9:45 Tuesday morning. The plane, however, will reach San Francisco at 11:45 Tuesday morning and Los Angeles at 5 p.m., the same day.

Curfew Bell Again Sounds in Windy City
CHICAGO, Aug. 31. (Exclusive)—Tonight Chicago began ringing the curfew at 10 o'clock for every child under 16 years of age. Boys and girls of that age and under found on the streets, in the parks or elsewhere, unless accompanied by an adult escort who can give a satisfactory explanation, will be arrested, taken to the nearest police station and their parents or relatives will be notified to come for them.
An ordinance, passed three years ago, when the moron menace was running high, never has been enforced. The police department dug it up and will enforce it as one means of minimizing the appalling number of attacks on women and girls. County officials put the ordinance into effect last night.
Squads of highway police patrolled about fifty "lovers' lanes," broke up petting parties and sent the youngsters home.
RENO COUNCIL BLOCKS UNION MONOPOLY PLAN
RENO (Nev.), Aug. 31. (Exclusive)—Union radicals in Reno received a jolt last week when the City Council refused to pass an ordinance giving union plumbers full control of all plumbing installations in the city, and the demand of \$10 per day by union painters was rejected by their employers. The painters are receiving \$9 per day. They also asked a five-day week. For the past three years union plumbers have been seeking to prevent property-owners and nonunion workers from installing any plumbing, and attempting to obtain a monopoly in the business. Opposition of property-owners and business interests has blocked their plan constantly.
JAPANESE NAVY NIGHT FIRING UNSUCCESSFUL
TOKIO, Aug. 31. (P)—Recent night firing practice conducted by the Japanese Navy in Buongo channel with two scrapped cruisers, the Matsushiro and the Yayoi, as targets was a failure. The battleships Nagato and Yamashiro, 10,000 meters distant, bombarded the cruisers for two hours without hitting them. The range was reduced to 7000 meters the next night, and the light cruisers Yura and Benda maintained a steady fire, with like failure.

Free Demonstration Treatments
A demonstration treatment of the "Perfectocoll" is yours for the asking. Come to the laboratory as soon as you can. But if this is not convenient, call BEACON 2273, or write, and a demonstration will be made in the privacy of your own home. Above all, act now. Why suffer? Use the coupon.
Are You Worried?

LONDON KNEES WILL BE BARE
Rolled Stockings Likewise Decried by Fashion Show
LONDON, Aug. 31. (Exclusive)—Bare knees and rolled stockings, long familiar decorations of the American scene, will be the attractive features of the new styles which the London fashion show expects to introduce to England. At the opening of the show some very fetching knees were exhibited. Jeweled bands below the knees were worn to set them off.
Asked if she thought sensible women will adopt these new styles, a pretty Eton-cropped mannequin replied, "That depends on the knees."
Another innovation is a two-in-one coat. The outside is of one color and the inside of another and it is made so it can be turned and worn inside out.

DETROIT AIR TRIO LEAVES ARCTIC PORT
Unsuccessful Explorers Sought Land in Wastes of Frozen North
TANANA (Alaska) Aug. 31. —In striking contrast to the cheering which accompanied their departure from Tanana for the Arctic Coast six months ago, three members of the unsuccessful and ill-fated Detroit Arctic Air Expedition, yesterday quietly passed through here en route to the States. They were Frank Waskey, a radio operator, and Edmund and Anderson, dog team drivers.
The trio left Tanana March 6 and freighted supplies 500 miles overland to Point Barrow. From there airplanes of the expedition unavailingly sought land in frozen wastes to the north.
Edmund, Waskey and Anderson are return to civilization by a circuitous water and railroad route. They went by ocean vessel from Point Barrow to St. Michael, at the mouth of the Yukon River. From here they go up the Tanana River to Nenana to take a train of the Alaska Railroad to Seward, on the coast. The journey to its end.

JOHN RODGERS LAID IN GRAVE
Hero of Hawaiian Flight Goes to Final Rest
Simple Episcopal Service Marks Burial
"Taps" Sound Navy's Pathetic Farewell to Dead
WASHINGTON, Aug. 31. (P)—Commander John Rodgers, a naval aviation pioneer, who gave his life in the development of the science of flying, was buried today among the illustrious dead of the nation in Arlington National Cemetery.
Full military honors were accorded the officer who a year ago to the day had set out upon an attempted flight from San Francisco to Hawaii, which was to bring him a measure of fame such as comes to few navy men in time of peace.
Gathered at the graveside as the simple Episcopal burial service was read, were the father, the last of the long line of John Rodgers who have served the Navy since the days of John Paul Jones, the mother and high officers of the Navy, the Army and the Marine Corps.
Commander Rodgers' body was brought to Washington by motor today from the ancestral home at Havre De Grace, Md., where funeral services were conducted yesterday. The body was taken to Fort Myer, where the casket was transferred to a caisson drawn by six horses.
Led by the naval band playing Chopin's funeral march, the cortege moved along the winding roads of the cemetery to the spot picked as the last resting place—a grave in the midst of four towering oaks near that of William Worth Belknap, Secretary of War under President Grant.
As the procession advanced the music of the band was almost lost to those waiting at the grave by the drone of five naval airplanes soaring overhead in blank file formation, the flyers' symbol that one of their number was missing.
Behind the naval band marched a number of Marines, followed by two companies of sailors, this honor guard filing to places near the burial plot.
The body-bearers then bore the flag-draped casket to the grave as the band played "Nearer, My God, To Thee."
The ministers intoned the burial service and the Marines fired three volleys. There was silence for a moment; then the clear notes of a bugle to sound "Taps"—the Navy's farewell Seward, on the coast. The journey to its end.

HEAT, RADIUM, ELECTRO-MAGNETISM
health
Electricity Is Life!
This is the great twentieth century revelation, alongside of which all other scientific discoveries pale into insignificance. Because, of course, the most precious thing in life, is life itself! And the new found knowledge that life is indissolubly associated with the force we call electricity, that life and electricity are in fact one and the same together, constitutes the longest stride forward made thus far towards the goal set for themselves by those who strive to preserve life, and in so doing, to find and eradicate the cause of disease.
Twenty Years of Research Work!
Burton Robert Charles, was one of the first to realize that electricity and life were one. Twenty years ago he commenced the study of disease from this point of view. Throughout the time which has since elapsed, he has been constantly at work proving his theory by the trial of countless experiments in the laboratory, and by actual practice on living subjects who have come to him for help.
Charles Treatment of Disease Quite New!
At last, Burton Robert Charles knows he is justified in offering a new and marvelous form of treatment to all who are afflicted with disease or disorder of any kind. This treatment is a combination of electro-magnetism (flowing electric energy), radio-activity (radium emanations), and temperate heat (electrically generated). These three therapeutic agents are embodied in one appliance which Charles has named the "Perfectocoll".
The "Perfectocoll" Demonstrates Natural Laws
Scientific principles are embodied in the "Perfectocoll". If the opinion of the world's most eminent scientists, as to what constitutes life and energy, is right, then the Charles method of treating disease, through the use of the "Perfectocoll", must also be right!
Charles Treatment Is Very Pleasant
No drugs—no pain—no exertion—no nerve-racking clinical examinations—no loss of time from work—no fixed, oppressive rule of action—no steady drain on the purse.
Beware of Imitations
There are appliances on the market similar in appearance to the "Perfectocoll". Such imitations are advertised and offered for sale by business men who recently saw an opportunity for profit in the work being done by Burton Robert Charles, and who now attempt to produce an appliance like the "Perfectocoll" without first mastering all of the vital principles involved.
Free Lectures
Claire Charles, known to hundreds of thousands of newspaper readers, lectures at the Charles Radium Laboratory, 1614 West Washington Boulevard, on the work being done by her husband, Burton Robert Charles, at 8 P.M., every Tuesday evening. Come and hear her. It will cost you nothing.

The Times Free Information and Resort Bureaus

MAIN OFFICE—CORNER FIRST AND BROADWAY
see for the accommodation and benefit of persons seeking interesting routes of travel, desirable hotels and resorts, and recreation and recuperation at the seashore or in the mountains. Particulars are furnished by competent attendants and by correspondence to the general public regarding routes and attractions of railroads and steamship lines, hotels and resorts and health resorts. Descriptive circulars and transportation literature are kept on hand for inspection and distribution. This service is absolutely free.

TEST OF FONCK AIRPLANE NEAR

Week-end Flight Planned by French Aviator

Arbitration Due in East in Row Over Trip

Berry Gets Aid in Demand to be Included

NEW YORK, Aug. 31. (P)—Plans for a week-end cross-country flight for the 5-35, Sikorsky biplane that is the storm center of dissension over the projected trans-Atlantic flight, were completed today. At the same time, there developed possibilities that arbitration will be resorted to in an effort to settle the squabble.

Baltimore, Washington, Philadelphia, Wilmington and other eastern cities will have the opportunity of seeing the giant Sikorsky on the first sunny day of the week-end, it was announced today by Capt. Rene Fonck.

Capt. Fonck and Lieut. Allan Snoddy, U.S.N., officially designated first and second pilots of the proposed New York-to-Paris flight, watched the workmen at Roosevelt Field today putting the finishing touches on the biplane's cabin, which threatens to be so small that only two aviators can be carried. They discussed plans for the flight to Washington and back, a distance of more than 400 miles, on either Saturday, Sunday or Monday.

About ten persons, members of the Argonauts and of the Sikorsky company, will be passengers.

In the office of the Argonauts, Inc., the company that is backing the flight, steps were taken to protect Capt. Fonck's demand to be included in the flight personnel. There Bernard Sandler, attorney, stated:

"If this situation cannot be cleared up within the next twenty-four hours, I am going to appoint a committee to arbitrate."

An exchange of letters between the Sikorsky company and the Argonauts took place during the past three or four days, said Mr. Sandler, in which Sikorsky reminded the Argonauts that delivery of the plane would not be made until the completion of the test flight, which they are planning to make.

Charge, and the Argonauts replied by accusing the Sikorsky company of delaying the flight.

Another delegate pointed out that the Assembly under the draft approved by the subcommittee can be a two-thirds vote give re-eligibility to any non-permanent member of the Council whose term expires in 1926, and that the Assembly this year can also, by the same vote, endow the new permanent members with re-eligibility in advance.

Hereafter, however, the re-eligibility of outgoing nonpermanent members of the Council will be voted on by the Assembly only after the expiration of their three-year mandate.

Lord Cecil, author of the original plan propounded last May, informed the Associated Press that he was highly satisfied with the accord arrived at. It was learned that formal adoption of the Cecil-Fromaget compromise was greeted with applause by all the members of the subcommittee.

M. Sokal, Poland's representative on the subcommittee, admitted to state whether the accord satisfied Poland's aspirations, but N. De Broekere of Belgium, expressed the opinion that both Poland and Spain should be content with the solution reached, as it met their desires.

LEAGUE COUNCIL PLAN APPROVED

Sub-body on Reorganization Reports

Lord Cecil's Compromise Adopted

Intended to Satisfy Spain and Italy

GENEVA, Aug. 31. (P)—After a six-hour discussion today, the subcommittee of the commission charged with examining into the reorganization of the League Council finally adopted Lord Cecil's scheme with slight modifications. This is calculated to satisfy the aspirations of Spain and Poland for semipermanent seats in the Council, of which the terms are three years. The subcommittee will report to the full committee at 11 a.m. tomorrow.

Today's conference, according to one of them, reached perfect agreement, with the exception of one reservation.

Another delegate pointed out that the Assembly under the draft approved by the subcommittee can be a two-thirds vote give re-eligibility to any non-permanent member of the Council whose term expires in 1926, and that the Assembly this year can also, by the same vote, endow the new permanent members with re-eligibility in advance.

Hereafter, however, the re-eligibility of outgoing nonpermanent members of the Council will be voted on by the Assembly only after the expiration of their three-year mandate.

Lord Cecil, author of the original plan propounded last May, informed the Associated Press that he was highly satisfied with the accord arrived at. It was learned that formal adoption of the Cecil-Fromaget compromise was greeted with applause by all the members of the subcommittee.

M. Sokal, Poland's representative on the subcommittee, admitted to state whether the accord satisfied Poland's aspirations, but N. De Broekere of Belgium, expressed the opinion that both Poland and Spain should be content with the solution reached, as it met their desires.

VIOLENCE SPURS FASCIST VIGIL
State-Church Concordance Periled by Zealots
Youthful Extremists of Both Camps Clash
Pope Cancels Plans for Gymnastic Congress
ROME, Aug. 31. (P)—The government is hastening to remove an unforeseen impediment to the steady improvement of the relations between church and state, which impediment had arisen because of antagonism ending in violence between youthful extremists in both camps, Catholic and Fascist.
Because of Fascist attacks on Catholic parades at Mantua and Macerata, the Pope has ordered cancelled the international Catholic gymnastic congress scheduled to be held here this week. The government immediately issued an official communiqué and has ordered the inspector general of police to investigate and punish those responsible.
The incidents which have caused the trouble, according to the government version, were not serious and were caused by excess zeal of boys and hence do not represent any real anti-Catholic feeling on the part of the responsible Fascists.
The incident at Mantua, the government report states, was a squabble between Catholic Boy Scouts and Fascist vanguards, where "zealots" for a nocturnal invasion of the Fascist headquarters there were no broader of the peace.
At Macerata, during a university congress, a fight started between Catholic youths and various Fascist "present in the capacity of journalists," according to the government report. This clash was followed by street fights in which three youths were wounded, but not seriously. The Vatican maintains strict silence

PIRATES TERRORIZE BALABAC
MANILA, Aug. 31. (P)—Pirates from British North Borneo long have terrorized the inhabitants of the small island of Balabac, the southernmost tip of the Province of Palawan. It is stated in the report of Dr. Antonio Alvir, geologist of the Bureau of Science, who recently returned from that region.
The pirates come from Borneo to Balabac and occasionally to other parts of the Province ostensibly to trade in fish. Eluding the authorities, they plunder and kill. The constabulary, being without a fast motorboat, is unable to capture them.
Recently Chinese and five Filipinos left Balabac in a sailboat with merchandise valued at \$1500. A few days later the boat was found stranded on an uninhabited island. Pirates had killed its occupants and stolen the cargo.
Balabac has a population of approximately 2000, mostly Moros.
about the matter, but it was asserted in Catholic circles, the Pope was so deeply pained by the incidents that he suspended the gymnastic congress, preparations for which had been going on for many months. A number of German clubs already have been ordered to Rome and it is understood that the fears that the exhibition of foreign youth in the city by such incident might cause more serious trouble, prompted the Pope to act as he did.
Gov. Small Asks Allies Be Sent to Legislature
WATSEKA (Ill.) Aug. 31. (P)—Gov. Small today asked the voters of Illinois to support his administration by sending to the Legislature the lawmakers who will support his policies. The Governor's plea was made in an address at a county fair. The Governor referred only indirectly to his possible candidacy for a third term, making no positive announcement of his candidacy as it had been reported he expected to do in his speech here, but stating he will serve the people as long as they support him by sending to the Legislature those in favor of his policies.

MYSTERY RIDES MARITAL STORM
Frank Lloyd Wright Flees Wisconsin Home
Montenegrin Dancer, Sued by Wife Also Missing
Architect Declares Woman in Foreign Country
SPRING GREEN (Wis.) Aug. 31. (P) Mystery was added to the matrimonial muddle of Frank Lloyd Wright, internationally known architect, and his estranged wife, Miriam Noel Wright, today when the architect left his summer home here for a place he refused to name.
Neighbors said Mrs. Olga Milanoff, Montenegrin dancer, his companion, had been seen at the home. Wright yesterday fled for \$100,000 for alienation of affections, had preceded him by a few hours, but Wright himself maintained she is in a foreign country and that he expects to join her. Mrs. Wright in her suit in Chicago charged Mrs. Milanoff is the mother of Wright's child and the cause of her being barred from Taliesin, Wright's home here.
Villagers said they had seen Mrs. Milanoff within the past few days, but Wright denied she was at Taliesin last night. Wright termed his wife's suit "another farce."
"It sealed the affection she has been appealing in the newspapers as worth \$100,000," he said. "It is humiliating not to see said affections valued at a million, but I am damaged goods, so she will sell for \$100,000. The price is intended merely as annoyance, of course."
He refused to divulge Mrs. Olga's destination with the explanation that if Mrs. Wright, who several months ago blocked his efforts to obtain a divorce, and later stormed Taliesin in an effort to re-establish her home there, where he was, "she would only further annoy" him.
A warrant charging Mrs. Milanoff with adultery, obtained by Mrs. Wright when she was rebuffed at Taliesin last June, remains unseized when officers at that time sought to serve papers upon her at Taliesin.
FILM STAR DISCOVERED IN HOSPITAL
Olive Borden Reported Recovering from Effects of Appendicitis Operation
SAN FRANCISCO, Aug. 31. (P)—Olive Borden, Hollywood motion-picture actress, today was convalescing in the Dante Sanatorium here from an operation to which she submitted last Thursday for appendicitis. The fact that she was a patient in the hospital had been carefully guarded.
Inquirers who sought to learn of Miss Borden's condition were referred to Miss Borden's mother, who was expected at the hospital momentarily, and to Chief of Police Daniel O'Brien.
Chief O'Brien said: "Yes, Miss Borden is at the hospital. She was operated on last Thursday. I am a friend of the family. I have called at the hospital frequently. I saw her shortly after noon today. She was fine spirit and was up and about. The affirmation of the doctor's prediction that she soon will be able to leave the hospital."
Borden (Nev.) Aug. 31. (Exclusive) District Judge Thomas F. Moran has ruled John H. Randolph is entitled to share in the estate of the mother he murdered. The court has ordered that Randolph, he awarded one-half the estate, with the remainder going to his brother. Randolph assigned his interest to the lawyers defending him at the trial.
Randolph was sentenced to die by lethal gas at the Nevada penitentiary, but his sentence was commuted by the pardon board to life imprisonment a few hours before the date set for execution. Attorneys state the decision of Judge Moran will be carried to the State Supreme Court on appeal.

Santa Fe Valley Farms

SAN DIEGO COUNTY
4 Miles from the Ocean
WHERE every month is harvest month and every day is a growing day.
WHERE you can raise two and three crops of vegetables every twelve to fourteen months, between the rows of growing trees—avocados, lemons, oranges, walnuts, grape fruit, pecans, pears, peaches or apricots.
WHERE irrigation water is cheap and abundant.
WHERE the deferred payments are less than rent.
WHERE the man of moderate means can own his home, earn a comfortable living on a small acreage and save a competence for old age.
Close to good schools—railroads—paved highway and thriving cities
Priced at \$500 per acre in tracts to suit.

Hoodoo Balks Trio of Bandits in Bank Raid
KIRKWOOD (Mo.) Aug. 31. (P)—A bank robber who forgot to bring a sack, a stubborn young woman who refused to lie down, an unidentified person who seized a telephone and gave the alarm, and a strenuous effort on the part of the City Hall contributed to the failure of an attempted hold-up today of the Kirkwood bank by three men.
The bank saved \$15,000 in cash by the odd combination of circumstances, but the robbers escaped while police rushed in, answer to the alarm, to the wrong bank.
She Married Her Husband
She left him because he was seemingly lazy. He hung around home evenings like a dog. "Tired," he would say. "But he wasn't lazy. He was sick! He had lost his health and his wife! His glands were worn out! A friend told him of Sexvitor, the new different gland remedy—The sensational remedy—the last word of medical science, made him a new man. His vigor and vitality returned! He regained the color, the pep, the enthusiasm of youth. The old days of courtship returned and she remarried him. Now happiness and healthy activity in the home! Gland health means happiness. Sexvitor builds up—regenerates all the glands of the system. It is the TRUE FOUNTAIN OF YOUTH! Sexvitor is so unalloyed good, it is so satisfying to satisfy you fully or we will refund your money. So act today! Thirty-day treatment, \$5.00 per package, at good drug stores everywhere. Sexvitor Company, Box 2178, Los Angeles, Cal.—(Advertisement)
SEXVITOR
Need Water!
You Do If You Drink Less Than Three Pints a Day
Doctors now are telling everybody, "Drink more water," because it helps elimination of the toxic poisons.
But be sure the water's pure—free from injurious minerals that often overcome the good that water does.
Arrowhead Springs Water—natural, soft water—comes from deep, clean, wholesome springs at the base of Arrowhead Mountain. It is internationally famous as one of the purest waters in the world.
Note how crystal-clear it is, how "pure" it tastes, how delightfully it quenches thirst.
Phone WEstmore 5231 and ask to have a 5-gallon bottle delivered. It's not everyday we claim for it, it's FREE, for we will gladly refund your money if you are dissatisfied.
Folks are so partial to it that 7,000,000 gallons are consumed yearly in Los Angeles and vicinity alone—more than all other kinds combined. If it's "Arrowhead" you're sure it's pure.

Son to Share in Estate Left by Parent He Slewed
RENO (Nev.) Aug. 31. (Exclusive) District Judge Thomas F. Moran has ruled John H. Randolph is entitled to share in the estate of the mother he murdered. The court has ordered that Randolph, he awarded one-half the estate, with the remainder going to his brother. Randolph assigned his interest to the lawyers defending him at the trial.
Randolph was sentenced to die by lethal gas at the Nevada penitentiary, but his sentence was commuted by the pardon board to life imprisonment a few hours before the date set for execution. Attorneys state the decision of Judge Moran will be carried to the State Supreme Court on appeal.
Munitions Find on Juarez Train Under Inquiry
EL PASO (Tex.) Aug. 31. (P)—Following the discovery of a large quantity of ammunition secreted beneath the seat of a Mexico and Northwest train bound for the interior yesterday, Juarez Federal and military authorities are making a rigid investigation.
The ammunition, consisting of 1250 rounds of revolver cartridges, was secreted beneath the seats in a second-class coach.
Manuel M. Mascareñas, Jr., collector of customs in Juarez, is making an inspection trip of border ports west of El Paso and the investigation is being carried on by Manuel Urquiza, chief of customs guards.
BIDS OPENED FOR HIGH ARCH BRIDGE IN NORTH
SACRAMENTO, Aug. 31. (P)—Bids were opened yesterday by the State Highway Commission for the building of an arch bridge on the Pacific Highway in Shasta county, which will be the highest in the State, and for the placing of a section of pavement in Santa Barbara county. The State highway between Sumnerland and Carpinteria, Santa Barbara county, 4.47 miles, will be rebuilt by the placing of a cement concrete pavement thirty feet wide. The low bidder was Sam Hunter of Santa Barbara, who made an offer of \$250,155.70 as compared with the engineers' estimate of \$304,094.

VESSEL ARRIVAL RECORD BROKEN

Figures for August Highest in Port's History

Number of Ships Registering During Month 606

Value of Cargo Handled Also Scores Increase

All arrival records for a single month in the history of Los Angeles Harbor were broken during August, when 606 vessels, of 1,618,766 net tons, were registered, according to the monthly report compiled yesterday by Ernest N. Varnado, head of the Marine Exchange of the Los Angeles Chamber of Commerce. The previous high record was established in August, 1925, when 570 vessels, of 1,514,650 net tons arrived at this port.

A grand total of 1,679,815 tons of cargo, with an aggregate value of \$70,860, was handled in and out of Los Angeles Harbor during August, as compared with 1,612,517 tons, valued at \$71,738,477 in the month of July, and 1,700,576 tons, valued at \$80,164,193, in August, 1925. This is an increase of 170,489 tons, and a gain of \$4,806,676 in value over August last year, but a decrease of 32,760 tons and an increase of \$1,735,392 in value from the totals in July last.

FOREIGN EXPORTS UP
Outbound commerce in the inter-oceanic and Hawaiian trades and business in both foreign inbound and outbound trades showed substantial increases over a year ago. Exports to foreign countries increased from 338,945 tons, valued at \$6,567,473, in August, 1925, to 512,415 tons, with a total value of \$12,193,571 in the month just closed, while imports gained slightly to 39,876 tons, valued at \$2,033,480.

Vessels operating to Hawaiian Islands left the harbor with 30,497 tons of cargo, valued at \$646,800, as against 18,234 tons with a value of \$377,914, in August last year. More than 1000 tons, valued at \$208,400, were brought in from the islands, as compared with 6078 tons, valued at \$899,378 in the same month of 1925. Coastwise vessels brought in a smaller tonnage with a greater value, and departed with a greater tonnage and value than in the month of August, 1925.

INCREASE IN OIL
Petroleum movements in August aggregated 9,777,914 barrels, an increase of 500,000 barrels over the aggregate moved in August, 1925, although approximately 600,000 barrels less than total shipments in July last.

Lumber carriers, numbering ninety-one, brought in 26,841,000 board feet of fir and redwood lumber from the Pacific Northwest during the month, as compared with ninety-three carriers and 91,918,000 board feet in August, 1925, and eighty-seven and 87,063,000 board feet in July last.

Merchandise under fourteen flags visited the port in August. There were 507 vessels of American registry among the arrivals, as compared with fifty-nine ships under all other flags combined. The Union Jack of Great Britain led the foreign arrivals with thirty-two vessels.

JULY RUBBER SALES LARGEST IN HISTORY

NEW YORK, Aug. 31. (AP)—July was an exceptionally prosperous month for the rubber industry, according to officials of leading companies reporting that unit sales and production were the largest for any month on record. August business gave indication of being still greater.

Public Utility Option Warrants

The equity applicable to Associated Gas and Electric Company's 6 1/2% Warrants is more than 300% of the Warrants to be outstanding, and the earnings are nearly five times interest requirements.

NEW ARM TO AID BANKS IN FRAUD FIGHT

Illinois Foe of Fakers to Head Department of National Association

CHICAGO, Aug. 31. (Exclusive)—A new department, to co-operate with State blue-sky law officers in combating the traffic in fraudulent and other worthless securities, was announced today by the Investment Bankers' Association of America. Arthur G. Davis, formerly assistant to the Secretary of State of Illinois, who has driven sixty-eight bucket shops out of Chicago, and has prevented the sale of more than \$400,000,000 in questionable securities, and has recovered more than \$2,000,000 for victims of fakers in the last five years, will head the department. The work of the department will be nationwide in its scope.

Mr. Davis has resigned as manager of the Investors' Protective Bureau, Inc., a public-welfare organization formed by Chicago bankers, brokers and security dealers to aid the State in combating the fraudulent security evil.

Dr. Davis was formerly secretary of the National Association of State Blue-Sky Law Officers, an organization of the State blue-sky law officers, formed to further co-operation among the States in the work of suppressing fraud.

His title in the Investment Bankers' Association of America will be that of field secretary, and his office will be in the association's headquarters in Chicago.

The Clearinghouse

News of Spring Street
The Royal Securities Company will today mail dividend checks to its stockholders at the annual rate of 87 per share on the preferred stock of the company for the six months ending August 31, last.

James Furlong, president of the company, announced yesterday.

This is the first dividend declared by the company since the organization increased its capital stock last February, but is the thirty-fourth dividend to be paid since the business was first established in 1906.

The company is now handling a volume of business far in excess of that handled in any previous year.

Mr. Furlong stated that the company for well-selected street-improvement bonds is increasing steadily each year.

Rollins Announces Changes
Two changes in the personnel of the local office of E. H. Rollins & Sons were announced yesterday as a reward of loyal service.

A. E. Burton, for eight years cashier of the local office of the Rollins firm, has become a member of the sales force, and Paul E. Covington, after six years of service with that organization, has been promoted to the position of cashier.

Net Income of Southern Gas Utility Gains

Net earnings of the Southern California Gas Company for the year ended June 30, last, after all charges, amounted to \$1,173,863, as compared with \$1,098,275 in the preceding year, an increase of \$75,588, according to the company's report just issued.

Net earnings in the month of June aggregated \$63,756, a slight decrease from the total of \$63,787 in the same month of 1925.

Gross earnings in the year ended June 30, last, aggregated \$5,577,401, as against \$4,962,284 in the corresponding period of last year, an increase of \$615,117. For the same month of June, last, gross earnings were \$400,913, as compared with \$376,997 in the same month of last year.

Production of Crude in 1925 at High Record

WASHINGTON, Aug. 31. (AP)—A new record for crude petroleum production was established in the United States last year when 768,748,000 barrels were taken from the ground. This figure, the Bureau of Mines reported today, was an increase of 7 per cent over 1924 and exceeded by more than 30,000,000 barrels the previous record output of 1923.

Final figures for refined products showed a run to still last year of 208,862,000 barrels of domestic crude petroleum and 41,838,000 of foreign crude, a total of 250,699,000 barrels, or an increase of 79,520,000 barrels over 1924.

LEHIGH VALLEY RAIL EARNINGS INCREASE

NEW YORK, Aug. 31. (AP)—Improvement in earnings of the Lehigh Valley Railroad, which had been affected by the suspension of anthracite mining, is reflected in the report for the second quarter showing surplus of \$3,721,063, equal to \$3.07 a share on the common after preferred dividends, while surplus for the first half of 1926 amounted to \$5,547,847, or \$2.93 a share on the common. A year ago surplus was \$4,801,866, or \$3.50 a share.

RICHFIELD TAKES NEW STEP

Signs Contract With Marland For Oil and Gas From Seal Beach, Most Promising New Field

BY EARLE E. CROWE
Perhaps the new stock of the Richfield Oil Company of California will become a popular vehicle of speculation if the incipient boom in the oil shares grows into full stature. When the stock is listed on the New York Stock Exchange, which is expected at any time, it is possible, at the least, that the company will disclose enough bullish information to make the neophyte from the West a favorite with the oil traders. A pertinent example of the plans under way is the contract with the Marland Oil Company.

In this contract Richfield apparently has scored a "beat" in the Southern California petroleum industry. C. M. Fuller, vice-president of the company, yesterday confirmed the report that Richfield has entered into an agreement with Marland Oil of California to take all the production from the new Seal Beach field, recently discovered by Marland, and rated as the most valuable development of the West.

NEW LAP IN SERVICE OF BANK BEGUN

Vice-President Smith of Security Trust Enters on Twenty-sixth Year Today

Oscar C. Smith, vice-president of the Security Trust and Savings Bank, today will celebrate his twenty-sixth anniversary with that institution. A quarter of a century ago, on September 1, 1901, Mr. Smith entered the employ of the bank as a messenger and has been connected with the Security ever since, rising to his present position through a series of promotions.

His diversity of service has given him a knowledge of various lines of banking and the training which he has received is reflected in the position which he holds today as head of the mortgage loan department.

As a native son of Los Angeles, Mr. Smith received his early education in the grammar schools of this city, and later completed a business-college course at the University of California.

Mr. Smith's first official recognition came with his election to the office of assistant secretary in 1917, and was followed by his appointment as secretary in 1918. Upon the merger of the Security Trust and Savings Bank with the Security in 1921, he was elected vice-president.

Mr. Smith has always taken a great interest in bank educational work as a member of the American Institute of Banking and early served on one of the board of governors of that organization.

Pickwick Stage Traffic Shows Large Increase

Growth of the Pickwick Corporation is reflected in comparative figures on traffic released yesterday by bankers for the company. Passengers carried by Pickwick Stages in the month of June last, between Los Angeles and San Diego numbered 16,310, as compared with 4,446 in June, 1925. Through the month of July last, the company reported 17,000 passengers, as compared with 4,446 in July, 1925.

At present there are seven schedules each way between San Francisco and Los Angeles, four between Los Angeles and San Diego, and two between San Francisco and San Diego. Through the month of July last, the company reported 17,000 passengers, as compared with 4,446 in July, 1925.

From present indications, net earnings for 1926 should not be less than \$400,000, bankers report. The total of 1925 was \$300,000.

Several mergers with competing lines in the Pickwick system are being considered, and the company is planning to acquire the Los Angeles and San Diego lines.

From present indications, net earnings for 1926 should not be less than \$400,000, bankers report. The total of 1925 was \$300,000.

STOCK OF BANK COMPANY OUT

California Group Preferred Shares on Market

Company Owns Valuable Real Estate in County

Rental Income is Source of Dividend Payments

An issue of 6 per cent preferred stock of the California Group Corporation will be offered for public subscription today by the California Securities Company.

The California Group Corporation was recently organized under the laws of California to own and operate real estate acquired from the California Bank, to conduct a general investment and management business, and to act as a company for the benefit of the affiliated institutions.

The assets of the California Group Corporation include twenty-five parcels, strategically located in the cities of Los Angeles, San Francisco, San Diego, and San Jose.

Van Nuys, Alhambra, San Gabriel, San Pedro and Owensmouth, having an appraised value of \$2,536,890. All but two of these properties are improved with bank, store and office buildings.

Of which the California Bank is the principal tenant under blanket lease running to May 1, 1926. In addition to these items of real estate, the California Group Corporation has substantial holdings in bank stocks and other investments.

INCOME AMPLE
After giving effect to this financing, and deducting \$1,500,000 total authorized and outstanding first mortgage 8 1/2 per cent bonds, the net assets of the corporation at July 31, last, will exceed \$2,750,000, against which the preferred stock has priority.

The income from rentals alone is sufficient to meet the dividend requirements on this issue, after making liberal provision for the corporation's taxes and bond interest, it was stated. In addition to this substantial rental income, the corporation should realize substantial profits from its investments and other activities.

The management of the California Group Corporation is under the direction of A. M. Huntington, president; A. E. Blinn, executive vice-president; A. E. Huntington, J. B. Chaffey, Gordon, and J. B. Chaffey, Jr., directors; Brownell, secretary; T. E. Ivey, Jr., treasurer; all officers of the California Bank.

Class One Rail Net Income for July Increases

NEW YORK, Aug. 31. (AP)—Aggregate net operating income of all class one railroads for July is estimated at \$122,000,000 compared with actual net of \$107,235,684 in June, and \$99,735 in July last year, based on reports of seventy-eight carriers showing total net of \$104,850,000.

This would represent July earnings at an annual seasonal rate of 6.81 per cent on a rate-making valuation of \$211,770,000, the end of last year, or \$107,235,684 in June, and \$99,735 in July last year, based on reports of seventy-eight carriers showing total net of \$104,850,000.

POLICY PROVING POPULAR

Spread of Idea of Employee Stock Ownership Shown by Figures of Leading Corporations

BY PAUL WILLARD GARRETT
(Copyright, 1926, by New York Evening Post Inc.)
NEW YORK, Aug. 31. (Exclusive)—More than 300,000 employees of about a score of large corporations in this country own almost half a million dollars worth of stock in the concerns for which they work, according to a tabulation compiled by the industrial relations section of the department of economics and social institutions of Princeton University.

The idea of employee stock ownership has spread rapidly in American industry since the war and has contributed in no small degree to the absence of labor troubles. It has proved more successful than profit-sharing plans under which bonuses were distributed to loyal workers at the end of specified periods.

As a result of increased efficiency obtained from contented workers, earnings have increased and employees have been able to pay larger wages in the shape of discounts to workers who buy stock on the installment plan. In most instances in which stock is sold to employees the employing company has reached a point where earnings have been stabilized and the price of the stock is not subject to wide fluctuations. The American Telephone and Telegraph Company, for instance, has sold more than \$170,000,000 of its stock to 1,174,000 workers, of whom 180,000 are still paying for their shares.

If there were any doubt of a company's ability to maintain steady earnings and pay dividends an employee's faith in the concern might be shaken if the shares were depressed in the market. On this point the New York Trust Company index says:

"The chief purpose of a company's efforts to enroll its employees as stockholders is to engage the interest of the rank and file of the workers. For the company itself there is no immediate financial gain. On the contrary, the stock is usually sold at less than its market price. The indirect profit to be realized by the company will depend upon the effect of stock ownership upon the workers."

"Better relations are promoted between management and employees. Industry is relieved of costly struggles between labor and capital, because labor now plays the role of capital in proportion to its capacity to save and acquire stock."

HUFF EXPORTS GAIN
NEW YORK, Aug. 31. (AP)—Export business of the Huff Motor Company in August was 22 per cent higher than a year ago. The output for August, aggregating 4000 cars, was the largest August business the company has had.

BUTTE TO BE HOST TO WOOL GROWERS IN 1927

SALT LAKE CITY, Aug. 31. (AP)—Butte, Mont., was chosen for the 1927 convention of the National Wool Growers' Association by the executive committee at a meeting last night.

RAIL EARNINGS UP
The combined net operating income of the first eighty railroads to report indicates that the total of all carriers may reach the breaking total of \$122,000,000 for the month of July, 1926, as against an earlier estimate of \$104,850,000. The average of twenty-five railroads showed a net income of \$1,512,000 for the month of July, 1926, as against \$1,312,000 for the same month of 1925. The average of twenty-five railroads showed a net income of \$1,512,000 for the month of July, 1926, as against \$1,312,000 for the same month of 1925.

RAILS FEATURE STOCK ACTIVITY

(Continued from Tenth Page)

100-4-4, as against a low of 122 1/2 in the year. Other issues in this group to break through prices of the year's previous high prices, some of them to the highest points in twenty years, were Chesapeake and Ohio common and preferred, Illinois Central common and preferred, Delaware and Hudson, Missouri Pacific, Southern Railway, Canadian Pacific, Norfolk and Western, Rock Island and Chicago Great Western preferred, the net gains ranging from 1/2 to 1 1/2. The advance in the rails was slowed up by the announcement of a cut in Gulf Coast prices for the month of August. General Motors also closed 1/2 point higher at 210. The advance in the auto was slowed up by the announcement of a cut in the price of the new model for 1927. The advance in the auto was slowed up by the announcement of a cut in the price of the new model for 1927. The advance in the auto was slowed up by the announcement of a cut in the price of the new model for 1927.

OTHER HIGH SPOTS
Nearly a score of other issues also broke through to new 1926 maximum prices, the list including such widely diversified shares as Alhambra, Adair, Butterfield Publishing, Conglomerate, Commercial Solvents, H. H. H. Corporation, R. M. Macy, Thompson Tank Car, and Thompson's.

Time money rates were unchanged. Prime commercial paper was firm, being quoted at 4 1/2 to 4 3/4. Community markets were mixed. Active wheat futures yielded a cent or more a bushel on increased receipts at the commodity at Chicago. Corn rallied 3/8 to 47 points on reduced crop estimates and unfavorable weather reports. Sugar prices held firm, but coffee prices were slightly reactionary.

Strength of French franc, which ruled 5 points higher around 130 cents, the highest quotation since the government took action, featured the firm foreign exchange market. Demand sterling held steady at 84 1/2, and most of the continental rates improved slightly with the exception of Spanish, which rallied 16 points to 15-25 cents.

Wheat Reacts After Sharp Opening Gain

(CHICAGO, Aug. 31. (Exchange)—A combination of market conditions and an article in the grain market, with a large trading and a sharp rise in price, a bull rally was followed by a sharp and active reaction. A wheat and a sharp drop to corn and on. The reaction was the heavy buying by September contracts, which was a widening of the spread between September and December wheat to 4 1/2 to 4 3/4. The article on the grain market was a wheat market, with a large trading and a sharp rise in price, a bull rally was followed by a sharp and active reaction. A wheat and a sharp drop to corn and on. The reaction was the heavy buying by September contracts, which was a widening of the spread between September and December wheat to 4 1/2 to 4 3/4.

NEW YORK CURB STOCKS

NEW YORK, Aug. 31. (AP)—A further broadening of activity took place in today's curb market, but the price movement was still confused. Erie Steam Ship shares were admitted to trading, selling between 24 1/2 and 25 1/2, as against the offering price of 25 for a block of 250,000 shares, which was over-subscribed before the market opened.

An unexpected cut in coastal crude prices by the Humble Oil Company and publication of private estimates of another increase in crude production last week, dampened speculative enthusiasm for the oil group, although strong buying support was apparent for many issues throughout the session. Standard Oil of Kentucky advanced 1 1/2 points and most of the active issues in that group improved fractionally. Heavy trading in the Southern American producers featured the independent oil group.

New peak prices for the year or longer were again recorded by a number of industrials, including American Hardware, Eley White "A", General Electric Company of Germany, Olen Aiken Coal and McCall Corporation. Amusement shares were mixed. Balaban-Katz certificates breaking 6 points to a new 1926 low of 65 1/2, while Fox Theater "A" and Warner Pictures "B", each advanced about a point. General Motors (new) was again traded in on a large scale, closing 1 1/2 points higher at 142 after having sold down to 139 3/4. Other motors showed mixed changes.

Public-utility issues held steady in quiet trading. Mohawk and Hudson and Mohawk Valley standing with net gains of about a point each.

The closing price is quoted when same as the low and high and when same as the low and high.

The California Municipal Improvement Bond

Is Fundamentally a Sound Investment

Every such bond issued is for a constructive municipal improvement—such as sewers, storm drain, sidewalks, curbs, pavement, etc.

Southern California is especially indebted to the "Street Bond" for making it possible to install hundreds of millions of dollars of improvements on the bond plan—improvements without which prosperous, growing Cities of today would have remained obscure, unattractive villages. If these improvements had to be paid in cash, only a small per cent would have gone in.

Wherever you find that the issuance of a bond benefits the debtor and investor alike you have the finest type of investment. The California Municipal Improvement Bond is that kind of an investment.

The property owner is benefitted by an improvement which usually adds more to the value of his property than the cost of the improvement. He is glad to have it and glad to be able to pay for it over a period of from ten to fifteen years.

The investor is assured of a first lien ahead of all mortgages and subject to general taxes only, yielding up to 7% AND ENTIRELY FREE FROM TAX—PERSONAL PROPERTY AND FEDERAL INCOME BOTH—in other words a net return equal or better than the average return of 2nd and 3rd rate bonds with full or partial tax liability.

The California Municipal Improvement Bond is pre-eminent

CALIFORNIA'S PREMIER INVESTMENT

suitable for the investment of small and large sums of Individuals, Banks, Trust Companies, Institutions and Societies.

Send for our booklet "The Story of California Municipal Improvement Bonds."

When a man and his wife take pencil and paper to plan in advance the spending of the family income, they are on their way to better things.

—WARREN G. HARDING

A well planned budget, carefully followed, leads to money in the bank, progress and prosperity. It is simply an outline made in advance for the use of the income; so much for shelter, so much for food, so much for clothes, so much for advancement and entertainment and ten per cent for the savings account. Such a budget makes saving easy for it eliminates waste and puts the home on a sound business basis.

Marjorie Dodge
to be Soloist at
Bowl on Friday

Marjorie Dodge, soprano, California
who has just returned to Los
angeles from an eastern trip, will be
soloist on the Adolf Tandler pro-
gram, "A California Night of Music,"
at the Hollywood Bowl, Friday eve-
ning. This is the last musical event
to be given at the Bowl.
Miss Dodge appeared in Boston,
St. Louis and other cities on
her tour. In St. Louis she was a
soloist with the St. Louis Symphony
orchestra, under the leadership of
Leopold Stokowski, and was invited to
give a spring tour with his organi-
zation.
In the West she has appeared as
soloist under the baton of Emil Ober-
holzer, Alfred Hertz and Walter Roth-
schild. The role of "Yiel" in the pre-
miere of the American prize grand
opera, "The Echo," by Frank Pat-
ter, in Oregon, last year, brought her
praise from the critics.
Miss Dodge is but one of the assist-
ing artists of the Tandler program,
which will be given at the Hollywood
Bowl, Friday evening. The
program includes dances, Calmon Lub-
et, violinist, and a piano ensemble.
It will be on the program with
the Los Angeles Symphony Orchestra.

New Angelus
Hospital Power
Plant Started

Extensive improvements for the An-
gelus Hospital at Washington and
Hill streets, have been started
during the last few days. New
quarters of reinforced concrete is to
be erected in the rear of the main
building at an approximate cost
of from \$65,000 to \$75,000.
The new plant will house new boilers,
power plant and all other ma-
chinery, thereby making the hospital
entirely fireproof and eliminating
the danger of fire.
The new building will be completed
in December, according to Marie A.
Hodges, superintendent of the hos-
pital.
The hospital itself is also undergo-
ing changes and improvements. The
nursing department has been supplied with com-
plete new equipment and the obstet-
ric department has been enlarged.

Sixty-two Men
Transferred in
Police Shake-up

Three detective lieutenants and
sixty-two patrolmen were transferred
today in the regular monthly
shake-up inaugurated by Chief
James Davis as part of his policy to
keep the men of the force from "get-
ting a fill."

Part of the direction of the D. J.
Travel Bureau, the fol-
lowing Angelenos will shortly leave on
a six-months' cruise around the
world: Mr. and Mrs. David E. Llew-
ellyn, Mr. and Mrs. M. Bieder, Mrs.
Hutchinson, Miss E. Kerna,
Mrs. Don A. G. Odwin, Mrs.
W. W. Lovell, Miss H. L. Ewing,
Mrs. W. M. Moore, Mr. and
Mrs. W. Myers, Mrs. W. K. Rus-
sell, Mrs. Elizabeth Russell, Miss B.
Hill, Mrs. Ida W. Heise, Mr.
L. Wright, Mr. and Mrs. James
Mr. and Mrs. D. D. Marsh,
Mrs. J. L. Rawlings, Mr. and
Mrs. C. Carden, Dr. and Mrs. A. D.
Prof. and Mrs. Carl Gerkins
and others.

COUNCIL O. K. BOUGHT
The Greater Vermont Avenue Asso-
ciation has asked the City Council
to approve the proposed routing of
the extension of Vermont avenue
through the county from Two Hun-
dred and twenty-eighth street south-
ward into the city section of Ver-
mont avenue in the Harbor district.

School · Bullock's

Today! New Felice Frocks, \$25

For the College Man

**Bullock's Store
for Men suggests:**
The brown suit—in the new pat-
terned mixtures. Brown promises
to be particularly smart. The Store
for Men features it at a variety of
prices . . . some even at \$34.50.
Tailored on the "up-to-the-min-
ute" lines demanded by college
men.
Two pairs of trousers with these
\$34.50 suits. The coat is quar-
ter-lined to make it just the cor-
rect weight for fall.

Bullock's Collegienne Shops expect to be
the center of great activity today for Sep-
tember's new Felice frocks have arrived.
High school and college girls who wear
sizes 13, 15 and 17 years always look for-
ward to this once-a-month shipment of
Felice dresses . . . at \$25.00. And for
September, the school month---the fall
fashion month---these Collegienne dresses
are . . . well you'll see today. Classroom
and campus dresses, afternoon, street and
sports frocks, even a few dance frocks in-
cluded.

Girls of the "Collegienne" age
will most certainly want several
pairs of English broadcloth Pa-
jamas! They are really wonder-
fully good looking . . . tailored
and smart with their white
grounds and striped facings.
These come in sizes 13, 15 and
17, are priced but \$2.95.
There are those at \$4.95 which
have colored stripings and plain
facings.
Plain pongee bloomers are always
in demand for school. At Bul-
lock's, \$1.95.
Pongee Costume Slips in sizes 13,
15 and 17 years, are \$2.95. This
popular section is noted for its
smart underwear in Collegienne
sizes. (The Junior Underwear
Section, Bullock's fifth floor.)

The Parker Hat—new for fall
college wear. The hat with the
Parker roll brim. Hare's fur felt
with sports striped band. In beige,
pearl, tan and thistle green. At
\$8.00.

"The bolero for fall" say the fash-
ion reports. And of course Felice shows
the bolero. See the sketch at the left.
Bright braid on the smart jacket, tiny pock-
ets in the wide belt. Navy twill with a
white silk blouse.

"Insets of fabric give contrast" . . . another
fall tendency interpreted in a Chanel red Felice
frock with geometric cut-outs appliqued.
"Tiers and plaits and jungle green," three
fashionable reasons for another Felice model in
Crepe de Chine.
"Velvet with heavy silk crepe" the
luscious nasturtium shades

The Harvard Collar—Bullock's
shirts of fine imported madras in-
troduce this smart neck-line. A
longer collar with deep points.

And many more fashion tendencies interpreted
in this versatile group of Collegienne fashions.
At Bullock's exclusively in Los Angeles. Al-
ways \$25.00.

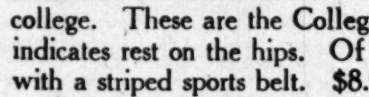

The Standford collar, a more con-
servative type. In fine imported
madras shirts at \$4.65 (3 for
\$12.50,) in white Oxfords at
\$2.50. And in the ever-popular
broadcloths.

Collegienne Coats—the Dolman Sleeve

This season's Collegienne coats follow two trends
—the fur-collar Dolman with the full sleeve
(illustrated) and the straight sports coats with
new intricacies of cut. Many high school and
college girls choose both.

The dolmans are usually fashioned of the smart suede-finish
woolens. The one sketched comes in jungle green. At \$49.50.
Hip-rest skirts are greatly in demand by girls going back to

1000 Ties at \$1.75
Ties you seldom see except at
much higher prices. Smart pat-
terns and heavy silk for long wear.
3 for \$5.00.

college. These are the Collegienne skirts that, as their name
indicates rest on the hips. Of flannel in tan or navy finished
with a striped sports belt. \$8.95.

The Tie and Handkerchief that
match are still favored. Bullock's
is selling many clever new ones to
college men.

Man-Tailored Collegienne Suits, \$39.50

The way the lapels are cut, the nicety of every
detail, everything about them down to the tiny
change pocket so evidently shows the character
of these suits. Even the sleeves have that heavy
striped lining used in men's suits.

They're of blue cheviot, excellent cheviot, illus-
trated at the right—\$39.50. In size 13, 15 and
17 years. Typically Collegienne; typically
Bullock's.

These are the type of Collegienne clothes that
girls are selecting now before going back to high
school or college.

One of the new "high-crown"
Collegienne felts introduced for
the fall term. \$5.00 at Bullock's
Collegienne Shops. In black and
the smart fall tones. In the spe-
cialized Collegienne small head
sizes.

Other clever new types from
\$5.00 to \$15.00 . . . at Bul-
lock's fifth floor Collegienne Mil-
linery Shop.

Again emphasizing the smartest
of black footwear. Notice the heel
on this Collegienne pump of black
patent leather. One of Bullock's
new fall models . . . at \$7.00
ready for school selection.
Sizes 2½ to 7. The Collegienne
Shoe Shop, Bullock's Fifth Floor.
Collegienne hose—service weight
—have narrow ankles. In smart
fall shades. In sizes 8½ to 10
at \$2.00. Also on the fifth floor.
And the new Collegienne pa-
jamas! Striped broadcloth at
\$4.95. See them today at Bul-
lock's Junior Underwear section,
fifth floor.

Rock Island

to whom refunds will be paid will be reassessed under the new proceedings. In the meantime the assessor and the assessment clerk are to complete the making of refunds under the old proceedings.

STREET WIDENING ABANDONED
 Proceedings have been abandoned by the City Council for the widening of Carondelet street from Third street to Fourth street, and of Madison street from Third to Fourth street.

CHICAGO SOPRANO WILL SING
Florence Macbeth Secured for Grand Opera Season in Los Angeles
Florence Macbeth, coloratura soprano of the Chicago Civic Opera Company, has been secured to sing in one performance of the Los Angeles Grand Opera Association season in October, according to announcement yesterday. She will be heard in the opera of the same name. Macbeth, an American born artist, who has attained high rank in operatic roles both abroad and in America, has been with the Chicago Civic Opera Company for eight years, and each year has added to the laurels of her first season. In a revival of Auber's old opera, "Fra Diavolo" at the Ravinia Opera season in Chicago two weeks ago, critics of the Chicago press united in praise for her "exquisite singing and defensible acting" in the role of "Zerlina." She is to be heard in two opera performances in the San Francisco season just preceding the Los Angeles appearances in the south. She returns to the Chicago Civic Opera. In the spring, she plans to go abroad and there will be heard in five of the leading operahouses of Continental Europe and London.

Foreign-Made 'Mare Nostrum' Comes to Forum
Wednesday, the 8th inst., is the date set for the Los Angeles premiere of Rex Ingram's production of Blasco Ibañez's story, "Mare Nostrum," according to an announcement made today by John P. Goring, managing director of the Forum Theater. This picture comes to the Forum after its long run in New York, where it has been playing at the Criterion Theater for the last twenty-seven weeks at \$2 per ticket and still continues to be one of the most talked-about pictures on Broadway. "Mare Nostrum" is Rex Ingram's first picture in more than two years. "Mare Nostrum" was filmed entirely on the location as described in the story, in France, Spain and Italy, and was more than a year in the making. The cast, with the exception of Alice Terry and Antonio Moreno, is comprised of foreign players.

Comedy Given First Showing on Grove Stage
Arthur Freed will present at the Orange Grove tonight, for the first time on any stage, the comedy, "Know Your Onions," with Henry Hall and Jessie Arnold in the leading roles. "Know Your Onions" was written by Norman Krassman, is a story about real estate and realtors, with love theme running through. Hank Tucker, as played by Henry Hall, is a quaint country character, a dreamer who is a trial to his wife, but who surprises every one and finally makes good. The cast as selected by Arthur Freed for this world premiere includes other than the two leading characters, Hank Tucker, Norman Krassman, Will H. Gregory, Fay Liff, Cliff Lancaster, Arthur Foster, Jay Allard and Gordon Westcott.

WOMEN'S STYLES CHANGE, BUT EARLE COULD WEAR OLD DUDS
Great changes in the appearance of women's dress have been brought about in the past ten years—radical changes, as compared with those of men. This is evidenced in "Fella," which Blanche Sweet and Earle Williams brought to the Marshall Neilan Studio while working on Paramount's "Diplomacy," now playing at the Metropolitan Theater. Miss Sweet has photos dating back more than ten years, while Williams' pictures including even his first roles, played fifteen years ago. Comparison of these stills showed that Miss Sweet's clothes appeared hopelessly old-fashioned, while those of Williams scarcely differed from the present styles in men's dress. Overly dressed long hair and long tight skirts seem ancient when compared to the bobs and short skirts of the present-day fapper. Then the hair dress came nearer indicating the age and trend of the wearer. Earle Williams does the bob of today, which serves well for the good and the grandmother alike. Williams' old stills show that he wore his hair the same then as he does now. Though the cut of his clothes shows a difference from the cut of today, the difference is so slight as to be lost against the average background. Films have made great progress, but no greater progress than in the styles for women. The amazing changes have caused pictures made but a few years ago to be relegated to the archives and store-valets.

Kiddies' Guild Will Pay Visit to Hillstreet
Mickey Daniels and Mary Kornman, comedian and leading lady of the "Our Gang" comedies, have been busy this week recognizing friends in the audience who have been on hand to honor them. Last night their friend, Robert McCowan, director of "Our Gang" comedies, came to see "the children and find how they are getting along in their new venture. This afternoon the children of the Screen Kiddies' Guild will attend en masse. Among the child artists who will be at the matinee are Peggy Ahern, Barney Barrett, Violet Kane, Jackie Gordon, Yvonne Darr, Peggy Gage, Scooter Lowry, Virginia Marshall, Mary Jane Milligan, Queen Tullia, Paul Wilkinson, Jean Carpenter, Albert Schaefer, Muriel McCormick and Mary Elizabeth Dow.

Benefit Concert Friday, to Be California Night
"A California Night of Music" to be presented Friday night by Adolf Tandler and his Little Symphony Orchestra at the Hollywood Bowl, is to carry a theme that is typically Californian. Among the compositions of special interest will be a suite, "California Sketches," written by the conductor, Adolf Tandler. The first selection in the suite is "In the Mountains." The composer is portraying in this number the atmosphere of the mountains. Bird calls, as well as the familiar mountain sounds, typify this composition. "On the Ocean," the second selection in the suite, pictures the ebb and flow of the ceaseless tide, the sweep of the sea gulls and the eternal war of the elements. "Moonlight," the third number in the suite, is a quaint serenade, almost a prayer of the crickets and the frogs as they raise their voices to the clear, cloudless sky of a California summer night. The last number is entitled "At the Mission." This is really a tribute paid to the old missions of California, the last relics and memories of the courage and devotion of the fathers who founded and built them.

CHANCE TO SUNBURN
Following completion of her supporting role in "The Flaming Forest," Metro-Goldwyn-Mayer feature, Betty Baker is vacationing at Catalina. The young player will return to the studio this week.

MIRIAM BYRON WINS STARDOM
Dainty 16-year-old Miriam (Peana) Byron is a happy girl these days. She has jumped from the front rank of the chorus of the musical comedy "Tip Toes" to the starring role. Miss Byron resides with her mother and father at 1851 South Highland and is a Los Angeles girl. She attended the Virgil Junior and Los Angeles high schools. At the Mason Theater she has assumed the role formerly played by Osa Munson.

Premiere Presentation
Figuroa Will Show Version of "Door Mat"
Fred Miller announces that Warner Brothers' production "The Honey-moon Express," featuring Irene Rich, will be the next picture at the Figuroa opening Friday. "The Honey-moon Express" is taken from the stage play "The Door Mat," which had a run at the Playhouse about a year ago. The authors are two Los Angeles girls, Ethel Clifford and Brenda Fowler. The cast includes Miss Rich, Himes Herbert, Helene Costello, John Patrick, Jane Winton, Virginia Lee Corbin, Harold Goodwin and Jason Robards. The story deals with the discontented parents of three New York people and principally with the mother who is literally utilized as a door mat by the husband and three children. Finally the door mat rebels and blossoms out in ultra-modern fashion, much to the astonishment of the four other members of the family.

Gotham Greet 'Don Juan' As Triumphant Hit
New York theater crowds are greeting "Don Juan," with John Barrymore in the title role, as one of the cinematic hits of the year, according to word brought back by Estelle Taylor, one of the principal players in the production, who has just returned from Manhattan. "Everywhere in New York, critics and seasoned theatergoers are acclaiming 'Don Juan' as Barrymore's greatest screen achievement, and Alan Crossland, as director, is being lauded for his directorial artistry in making the picture," says Estelle Taylor. "Crowds are paying a \$3 top price to see the picture in New York without a prologue and I am happy to learn that its success in the East has even been overshadowed by the reception accorded it here with a Sid Grauman stage introduction in Grauman's Egyptian Theater." The trip to New York was made by Lucius Borge, to attend the premiere of "Don Juan" in Warner Brothers' Theater in New York.

Photographs of 'Madame X' Star Given Audiences
Owing to the request for autographed photographs of Pauline Frederick, who is appearing on the stage of the Playhouse Theater in Alexander Bisson's drama, "Madame X," the producer, Louis O. Brown, has announced a treat for his patrons. On Monday night each member of the audience will be given an autographed souvenir photo of Miss Frederick. At the Wednesday and Saturday matinees patrons will receive the same souvenirs. The final weeks of this run commence Monday, owing to the eastern bookings over the Erlanger circuit of theaters.

"SON OF THE SHEIK" TO STAY AT ALHAMBRA
Valentino does things other than make love and ride Arabian steeds in "The Son of the Sheik." He rescues pretty girls from the backs of runaway horses, leaps from balconies on to swinging chandeliers, battles desert brigands with sword, pistol and fist—in short, he does it all. "The Son of the Sheik," is making athletics with his amour. "The Son of the Sheik," who is now showing at the Alhambra Theater, will make its second week run starting Saturday.

POTBOILERS PRESENT NEW DRAMA TONIGHT
"R. U. R." will open tonight at the Potboiler Art Theater, in the Gamut Club Building, and will run until Saturday. The cast, assembled by David Imboden, includes: William Raymond, Karyl Marker, Grace Dalton, Jean Ackermann, Rose E. Tapley, Kenneth Chrys, George Lamont, Cyril Weld, Ole M. Ness, Jack Livingston, Frances De Curtin and F. A. Ritter.

MICHAEL ARLEN PLAY IS BOX OFFICE SUCCESS
Three capacity weeks tell the box office side of the story of the popularity of Michael Arlen's drama, "The Green Hat," at Edward D. Smith's El Capitan Theater in Hollywood. It is generally conceded that Mr. Smith's production of "The Green Hat," both as regards cast and scenic investiture, is one of the most pretentious efforts in the line of dramatic endeavor seen on the Pacific Coast.

OLD SOLDIERS JULIA'S GUESTS
Monday afternoon was a particularly gala one for Fred Miller's Carthay Circle Theater. Julia Faye, one of the stars of "The Volga Boatman," entertained as her guests 400 of the members of the Old Soldiers' Home. They came in holiday spirit and were lavish in their praise of the picture, the prologue and the music. "It's one of the most patriotic things ever done—building this theater in commemoration of the pioneers of California. They were brave, brave people—as brave as the old soldiers," said one veteran with a twinkle in his eyes.

CITY WITHOUT ITS MANAGER
Casadena Councilmen Indulge in Horseplay
Deadlock Debates Appointment
Small Talk Makes Up Part of Session

PARADISE, Aug. 31.—President of the City Manager secured a leave of absence to City Manager O'Brien today, was unable to appear at a meeting of the city council, although the council spent most of the day discussing and working in the absence of the manager. The council, however, did not make any decision on the matter. The council is now in a deadlock as to whether to appoint a new manager or to continue with the present one. The council is now in a deadlock as to whether to appoint a new manager or to continue with the present one.

FINEMAN SIGNED UP BY LASKY
Producer to Work Again With Schulberg After Ten Years With Other Studios
A separation of ten years B. F. Fineman and the famous Paramount picture producer, who has been signed up by Schulberg, is now working together again. Fineman, who has been away from the industry for ten years, is now working with Schulberg on a new picture. The picture is now in production and is expected to be released soon.

NEW SITE FOR REDLANDS Y.M.C.A.
LAND, Aug. 31.—Directors of the Redlands Y.M.C.A. have selected a new site for the building. The new site is located on a large tract of land in the Redlands area. The building is expected to be completed within a few months and will provide a new home for the Y.M.C.A. in Redlands.

LEY WOMAN SHOWS TWO COSTLY HORSES
HO, Aug. 31.—Mrs. Christine Ley, who has been exhibiting her two costly horses, is now in the city. The horses are of the highest quality and are expected to win many prizes at the upcoming horse shows. Mrs. Ley is a well-known horse breeder and has been successful in many of her ventures.

STROHEIM CASTS FIRST AMERICAN VOTE
Von Stroheim, who has just returned from his trip to Europe, is now in the city. He has cast his first American vote and is expected to win many more votes in the upcoming elections. Von Stroheim is a well-known actor and has been successful in many of his roles.

ARTISTS IN PARK CONCERT
A group of artists are giving a concert in the park. The concert is expected to be a great success and will provide a wonderful evening of entertainment for the community. The artists are of the highest quality and are expected to perform a variety of songs and instrumental pieces.

NEW VACATION GAME DEvised

Catalina "Aquatic Ball" in Action

ODD DEVICE ARRIVES FOR RADIO SHOW
Set in Whisky Barrel One of Novelties for Display at Local Exposition

One of radio's strangest devices, arrived in the last year, arrived yesterday for the fourth annual national radio exposition which opens Monday in the Ambassador Auditorium. A set cleverly housed in an old-fashioned whisky barrel on which the XXXX designation of quality still was visible, brought thoughts of other days to the auditorium workers who unpacked it.

Among other arrivals was what is believed the largest ammeter in the world, a device of delicate mechanism which measured four feet in diameter. A radio tube, three feet in height, was ranged alongside. There were made of a "radio clock," a device which tunes in at the hour for which it is set, thus providing music early in the morning and rousing a sleeper from the slumber of the night. An aquarium receiving set was installed in a goldfish tank as an ornamental feature of the exposition.

OPERA LOVERS SEEK SEATS IN ADVANCE

Musical lovers who plan long in advance what events they may see during the coming season thronged the auditorium yesterday and Monday as the single ticket sale of the October season of the Los Angeles Grand Opera Association opened. The first two days of the offering were featured by one of the heaviest demands in the history of the association. The opera season opens on October 4 with the presentation of "Samson and Delilah," but the sale is planned five weeks in advance to accommodate patrons who would select their seats early.

Diet and Health
By Lulu Hunt Peters, M.D.
Author of "Diet and Health" and "Diet for Children"

OVERWEIGHT, APPENDICITIS AND CANCER
"My weight is 170 pounds, which is thirty-five pounds too much. I put quite a bit going upstairs. I want to guard against any fatty condition of the heart. Mrs. M. Your putting now shows that your heart and lungs are being crowded by fat."

The fact that you had no trouble with your side from your operation for seven years, speaks against adhesions, also, which will help throw your digestion caused by fat around the seat is the thing you are noticing. I know of some cases that have had this experience. If this is so, this trouble will abate when you reduce.

I don't wonder you have a great backache, Mrs. M. Carrying around thirty-five pounds of excess weight would make any back protest. You may have beginning fatty arches also, which will help throw your body out of correct position and so cause backache. However, you should have a complete examination so that you will know there is nothing other than the things I have mentioned as the cause in your case.

I congratulate you on having your cancer removed before the cancer cells had migrated to other spots of the body. We can safely say that you have passed the stage where you will have a recurrence.

LOS ANGELES TRAIL'S END FOR YOUTH

Young Man Accused Under Mann Act
Mann Act Violently Says He Will "Take Medicine"

Hubert McMillan, 23 years of age, accused of white slavery, looks upon Los Angeles as the "Trail's End." He admitted as much when arraigned yesterday before United States Commissioner Head in company with Grace Branstetter, 20-year-old material witness and Missouri State Normal School student, who was taken into custody with him several days ago on a ranch near Santa Barbara. McMillan mumbled something about "taking my medicine," when brought before Commissioner Head and shook his head dejectedly when his bond was set at \$5000 pending examination next Saturday.

The girl, who, however, accompanied McMillan from Missouri late last June in a dilapidated automobile and then "bumped" to Southern California with him when they were forced to sell the automobile wreck for \$25 to obtain physical sustenance, alternately smiled and smiled hopefully at her companion in bruised and broken robes.

Investigators report McMillan has a wife in Warrensburg, Mo., and that he performed one bigamous marriage at Arizon, three months being required. The new game was introduced in Desano Bay, hundreds of swimmers taking part in the sport.

Doctor Seized on Charges of Selling Drugs

Asserted to have sold morphine and cocaine to a young woman, Dr. H. H. Ellis was arrested yesterday on a charge of violating the State Police Act, according to Inspector Earl of the State Board of Pharmacy. Dr. Ellis has been under suspicion of selling drugs to addicts since last April, and his arrest followed a close check on his activities. Earl said Dr. Ellis was released from the County Jail on \$1000 bonds.

BUDDHIST TEMPLE TO BE DEDICATED SUNDAY

A festival and entertainment in honor of the birthday of Buddha and the dedication of the new temple will be given at the Buddhist Temple, 118 North Mott street at 3 p.m. Sunday. The public is invited. Rev. J. Imada, president, announced. The program will open with a Buddhist service conducted by the priests of the temple. Hymns and dances will be given by Sunday-school children. Dr. H. F. W. Haselinger will deliver the opening address. The opera season will be given by C. Ohashi, Japanese Consul; Miss S. Kawasaki and S. Fujii.

One of the doctors at the famous Mayo Clinic told me that the first thing they expect a cancer patient to say is: "Why, doctor, how could this happen to me, I'm so big and robust? I've never had a sick day in my life and have always had a wonderful appetite."

It has been observed many times that a larger proportion of the cancer cases are among the overfed. Believers of the National Institute of Japan have been able to produce cancer in rats by giving them foods deficient in the vitamins. There are not a few physicians who believe that the state of the nutrition may have something to do in helping predispose the body to cancer.

This thing that we will have to watch out for in the dissemination of the knowledge that nutrition may have something to do with cancer, is that many of those suffering with it will try to cure the cancer, after it has been started by dietary lack of vitamins, by the known methods of cure. And the only method of cure known is the very early attention to having the cancer removed either by surgery, X-rays or other scientific measures employed by scientific surgeons, not by quacks with pastes, etc.

My dear Followers: When sending for material which you are now, please remember to include a stamped self-addressed envelope bearing your full name and address. The pamphlet on "Diet and Health" is the one you are looking for. It costs 10 cents in stamps extra. Address your letters to me in care of the Los Angeles Daily Times, 1225, by the City of Los Angeles, California. I will send you the material as soon as it is received.

There probably is no relation between the excess fat and the tendency to cancer, but evidence is accumulating which shows that a prolonged incorrect diet does alter the chemistry of the body and lowers the resistance so that infections and degenerative diseases are very much

SEPTUAGENARIAN PARTY NEARS

Visitors More Than Ninety Will Have Special Table in Event

With a special table reserved for the "more than 90" folk, the annual picnic for all Southern Californians 70 years of age or older, will be held in Sycamore Grove next Saturday. Among those who have signified their intentions of attending is G. M. Cole of Pasadena, who recently celebrated his 100th birthday. A program of music and oratory to follow the dinner hour is being arranged. All men and women more than 70 years of age formally will be introduced to the "youngsters" of 70 years of age.

LIQUOR SEIZED AND DRUGGIST ARRESTED

Several cases of assorted liquor were seized at the Elite Pharmacy, 3090 West Pico street, and the proprietor, Dr. L. Bucana, was arrested on charges of possession by Federal prohibition agents, according to the report yesterday of Howard Kimball, acting chief field agent. Access to the liquor was gained only after a wire had been pushed through the wall and a secret latch unfastened that automatically opened a trap door. Investigators were unable to determine whether the liquor was being sold on prescription.

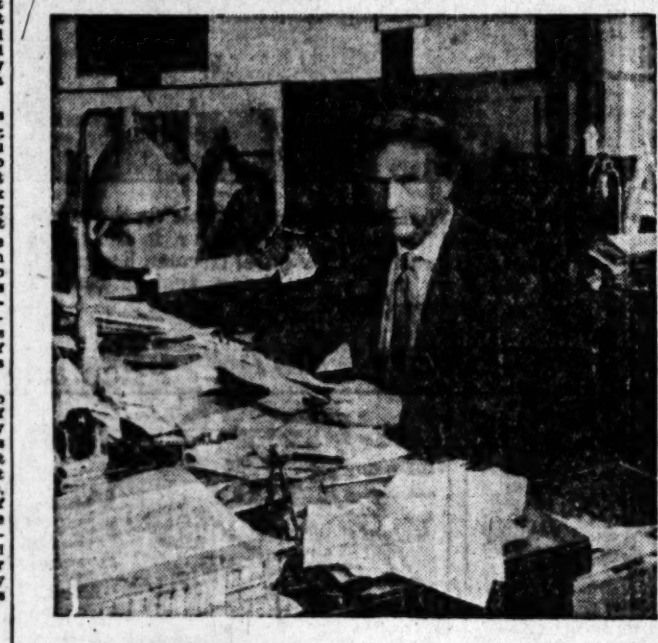

W. C. T. U. TO MEET
The annual all-day meeting of the Los Angeles W. C. T. U. will be held tomorrow at 10 a.m. in the First Methodist Church, Eighth and Hope streets. Dr. M. Lenn Hutchins, president, will preside at the meeting.

MORNING WISDOM
A clear mind is conditioned on regular clearance of the body. Delay in the elimination of residual waste burdens the system with poisons which the blood-stream absorbs and carries to the various organs of the body.
A half glass of water sparkling with a dash of ENO and taken in the morning will exercise a good influence for the removal of toxic wastes from the system. And by so doing ENO helps to brighten the skin, the eyes and the outlook. ENO contains nothing uncertain nor drastic, and no sugar.
ENO, the World-famed Effervescent Salt, is obtainable from all druggists at \$1.25 and 75c a bottle.
Prepared only by J. C. ENO, Ltd., London, England.
Sole Agents: HAROLD F. RITCHIE & CO., Inc., 175 Madison Avenue, New York, Toronto, Sydney, Wellington.

How Bernarr Macfadden Keeps Fit at Fifty-eight

Above—Bernarr Macfadden, the man. Below—Bernarr Macfadden, head of one of the world's largest publishing organizations, at his desk.

At fifty-eight the working days of most men are drawing to a close, the most productive period of their lives has passed, the future represents decline, retirement, perhaps dependency.

Bernarr Macfadden is fifty-eight years old—yet he still retains the vigor and physique of an athlete of twenty-five.

He is a tremendous worker. Thirty years ago he came to New York with \$50.00 in his pocket. Today he is the millionaire head of one of the largest publishing houses in the world.

His brain is razor-keen. Day by day—year in, year out—his mind and energy guide the destiny of a dozen nationally circulated magazines, three daily newspapers, a great book publishing business, large motion picture interests and the many other activities which comprise the daily routine of Macfadden Publications, Inc., the great firm which bears his name.

He plays as hard as he works. For him, at fifty-eight, several fast sets of tennis, a twenty mile hike, swimming and diving in his pool, all in the same day, are a regular occurrence.

For him to arise at 5 A.M., walk eighteen miles from his home to the company offices at 65th Street and Broadway, New York, and then outwork his hardest working executives is common.

Literally thousands of times each year he is asked, "How do you do it—how at your age are you able to carry such a tremendous burden of responsibility, indulge in such strenuous and continuous physical activity, and not break down?"

In his answer lies the essence of health knowledge. Bernarr Macfadden has personally written it in the form of a series of wonderful health articles entitled, "How I Keep Fit at Fifty-Eight."

Representing, as they do, the life experience of a great health expert boiled down into a few simple, pleasant, practical health hints, they are a godsend to every man and woman wishing to attain as near perpetual youth as it is given mortals to achieve.

On behalf of yourself and every member of your family do not fail to read this series which will lengthen the life and prolong the youth of anyone following the advice it gives.

And remember this: Bernarr Macfadden does not ask you to remake your life along new and strange lines. His habits of life are not so widely different from those of any normal man or woman. You can apply his suggestions and scarcely realize there has been any change except in the way you feel.

Physical Culture for September, containing the first of these articles, is now on sale. Get your copy today at the nearest newsstand or use coupon below.
